

GOVERNMENT CONTROL FAVORED

JOHN L. LEWIS HEAD OF UNITED MINE WORKERS MAKES DECLARATION

LICENSING SYSTEM SHOULD BE PROVIDED

Operators Should be Made to Care for Men Crippled While They Are at Work—All Union Men Are Out—Reports from Other Fields Vague—Some Canadian Miners Out

(By The Associated Press)
INDIANAPOLIS, Ind., April 1.—With most of the country's mines forced into idleness by the indefinite suspension of work today of union coal miners, President John L. Lewis of the United Mine Workers tonight declared himself in favor of government control of the entire coal industry. He did not regard his position as necessarily involving government ownership but he said federal control similar to that now exercised over the nation's railroads was "fundamentally correct."

Such control, he asserted, should provide for a licensing system for the operation of mines so as to eliminate waste in the industry thru the elimination of haphazard mining.

He also declared that any government control should compel the coal industry to care for men crippled or killed when at work, and also their dependents.

"Any regulation," Mr. Lewis declared, "must be applied equally—to all of the mines of the country. It should not be aimed only at the now unionized mines, but should take in ever field in the country regardless of how it is now operated."

FORMER EMPEROR CHARLES DIES AT FUNCHAL MADEIRA

Exiled Monarch Had Been Ill of Pneumonia for a Week

(By The Associated Press)
FUNCHAL, Madeira, April 1.—Charles I, former emperor of Austria and king of Hungary, died this morning at 11:30 o'clock. The exiled monarch had been suffering from pneumonia for more than a week.

Charles, who retained consciousness until the last, passed away in the presence of his wife, the former empress Zita and their eldest son, Francis Joseph Otto, one time heir apparent to the throne of Austria-Hungary.

Zita, when the condition of husband became critical desired that the physicians permit her to undergo the operation of blood transfusion in an effort to save him, but the physicians refused their consent.

The body will be embalmed, and the expression here is that it will be taken back to Austria for burial.

On the announcement of the death of Charles all the commercial houses in Funchal closed their doors as a token of respect.

AVIATORS WILL HOP OFF TODAY

(By The Associated Press)
LISBON, April 1.—The Portuguese aviators, Captains Coutinho and Senechal, announced their intention this evening of starting from the Canary Islands for the Cape Verde Islands, on the second stage of their flight toward the South American coast tomorrow morning.

The aviators stated today that the port of Las Palmas was too narrow to permit of their machine, laden with gasoline, to take off there and that therefore the start for the Cape Verde Islands will be made from Cando 15 miles distant from Las Palmas.

LOTS OF BUILDING IS PLANNED FOR CHICAGO.
CHICAGO, April 1.—The value of buildings involved in building permits issued in Chicago in March totaled \$19,333,900. Commissioner Charles Rostrom announced today. For March last year the value was \$7,320,100.

Brief Resume of Strike Situation

(By The Associated Press)
Quiet celebration of the anniversary of the introduction of the 8-hour day in the mines marked the first day of the country-wide strike of union coal miners yesterday. With some 600,000 miners including 100,000 non-union men reported idle, operators and union leaders were predicting the first real test of strength Monday because of the general custom of observing the 8-hour anniversary.

Meantime an almost complete suspension of work was reported by union headquarters in Pennsylvania, Ohio, Illinois, Indiana, Kansas, Missouri, Iowa and other unionized districts. In Pennsylvania both the bituminous and anthracite diggings were shut-down.

In Kentucky it was reported that work would continue under a contract which had another year to run. In West Virginia the operators said the mines would be re-opened Monday on an open shop basis. In Kansas union chiefs said the strike would continue despite an industrial court order for temporary extension of the old contract between the miners and the operators. A effort to ward federal intervention was reported administration leaders holding that such action must be based on the existence of an emergency which, they said, does not appear to exist as supplies of coal for from three to eight weeks are on hand.

Senator Borah, chairman of the senate labor committee suggested that the necessity for government operations of the mines might arise. If the coal industry does not reorganize in the interest of the public it will be up to the public to try the experiment of government ownership he declared.

John L. Lewis president of the United Mine Workers, will appear before the house labor committee Monday morning to testify regarding the strike.

Union officials estimated that the strike would result in the loss of production of 1,200,000 tons of bituminous coal daily and 300,000 tons of anthracite coal daily. The loss in wages to the miners was estimated at \$3,000,000 daily.

Mr. Lewis reiterated the statement that union rail workers were not to be asked by the miners to join in the strike, and in this connection he said that the miners' union would not be represented at the meeting of several rail union chiefs in Chicago tomorrow. Complete suspension of coal mining by union workers marked the beginning of the nationwide walkout.

Union leaders estimated 600,000 miners, including 100,000 non-union men, had enlisted in the movement and predicted no change was expected soon. The exact effectiveness of the suspension, especially in non-union and partly organized fields, was difficult to gauge because today also marked the anniversary of the introduction of the eight hour work day in the coal industry and is an annual holiday in the coal fields. Nevertheless union officials were confident that no union men, except those authorized to stay at work would return to the mines Monday.

Union headquarters here prepared no tabulation showing the geographical distribution of the idle men, but the reports from field leaders showed the great bulk of suspension centered in Pennsylvania, West Virginia, Ohio, Indiana, Illinois, Missouri. (Continued on Page Four.)

UNCLE JOE CANNON IS GUEST OF HONOR AT SURPRISE PARTY

Was Held at Washington Home of Senator McCormick Saturday

(By The Associated Press)
WASHINGTON, April 1.—Uncle Joe Cannon many times the guest of honor in his long career was an honored guest again tonight.

But he was unaware of the plans until he walked in on nearly a hundred of his friends and cronies, including President Harding and Chief Justice Taft at the home of Senator Medill McCormick and found a regular "old-fashioned surprise party."

Having announced that he would get out of the way and let younger blood take his place in the house of representatives Uncle Joe does not have to worry about political fences, so according to his associates, he would enjoy the evening thoroughly.

None was there but whom Uncle Joe addressed by their first names and there were few who had not served in congress with him.

Among them, besides the president and the chief justice were Secretaries Weeks and Davis, Speaker Gillette, Attorney General Daugherty, Chairman Lasker and Elmer Schlesinger, general counsel of the shipping board, assistant Secretary Edward Clifford of the treasury and the entire Illinois delegation in the house and senate and many others from the two branches of congress.

APRIL FOOL PREFERRED CAUSES EXCITEMENT

(By The Associated Press)
DETROIT, Mich., April 1.—A practical joker who was responsible for the appearance of American fire protection—listed as "A. F. P." on the Detroit stock exchange today turned the session into one of the liveliest on record and was only detected by the intervention of the Michigan securities commission. The appearance of the stock was the signal for spirited trading altho no one seemed to know anything about it. Opening at 6 it quickly went to 16, then dropped as suddenly to two and started upward again, hanging around 8. While some traders were busily engaged figuring up their "profits" one got into touch with the securities commission and inquired if that body had been sanctioned by that body the answer served to dampen enthusiasm, the commission stating that "A. F. P." was authorized; that sales in it were illegal and that each broker must stand his own losses.

"More careful inquiry brought out that 'A. F. P.' stood also for 'April Fool Preferred.'"

RICHARDS BEATS TILDEN FOR INDOOR TITLE.
PHILADELPHIA, April 1.—Vincent Richards of Yonkers, N. Y., tonight won the middle Atlantic indoor tennis singles championship by defeating William T. Tilden, II, of Philadelphia, world's champion 2-6, 6-1, 1-6.

NO PASSENGERS ARE INJURED IN WRECK.
ST. LOUIS, Mo., April 1.—A careful check today showed today that none of the 200 passengers on Missouri Pacific Train No. 12, which was derailed by a landslide at Boles, Mo. last night was injured. Several were shaken up and the fireman and engineer suffered bruises.

PAY AS WE GO IS POLICY URGED BY ELLIOT WADSWORTH

Believes Country Can Succeed Only by Such Policy

(By The Associated Press)
WASHINGTON, April 1.—Necessity of a "pay as we go" policy of government finance was urged tonight by Elliott Wadsworth, assistant secretary of the treasury in charge of foreign loans in an address before the Washington stock exchange. By such a policy only, he declared could the country maintain its position as the soundest financially in the world. No matter how much the costs roll up he asserted, income should be made available to meet those costs. Money, he added, can be obtained from only one ultimate source which is taxes, direct or indirect but in the end coming out of the pockets of the people.

"Our federal budget this year will practically balance," said Mr. Wadsworth. Next year the estimates show a deficit. We are carrying interest charges and other expenses, resulting from the war which cannot be reduced. We are meeting a debt of honor to our disabled soldiers and sailors at a cost of \$450,000,000 a year.

"Other expenses will arise from war. If paid, the bonus will clearly be a war expense but will not necessarily liquidate the war. Who would dare to estimate the ultimate cost to this country of the world war?"

"Credit facilities," he said, "should be provided which are adapted to the peculiar needs of agriculture and make it possible for farmers to produce efficiently and abundantly. This is all to more important to our business and industrial life now we are coming into a period of strenuous competition with foreign manufacturers."

Discussing the proposed appointment of a representative of agriculture on the federal reserve board, Mr. Wadsworth said such a step would "simply put agriculture on a par with commerce and industry in the wording of the law 'Federal Reserve Act' and it is a far fetched assumption that any president would appoint any man qualified for the position."

"A careful examination of the credit facilities of the country," he continued leads one to the conclusion that they have been devised almost entirely in the interest of industry and commerce. With the notable exception of the federal farm loan system, the needs of agriculture have had little attention. Having in mind that agriculture is our basic industry and that it cannot be conducted efficiently in the absence of credit facilities suited to its needs there should be no disagreement with the state that both long time and short time money ought to be as easily and as cheaply available to the farmer as to industry and commerce."

BRIEFS

(By The Associated Press)
CHICAGO, April 1.—A parade in which thousands of persons took part, was held today as part of the local Canadian week celebration in honor of more than one hundred years of friendship between the United States and Canada. Canadian flags were displayed on the city hall and other public buildings.

GRANITE CITY, Ill., April 1.—Paul F. Shemaker, 32 years old of Menominee, Michigan, hobo poet and philosopher, died today at a local hospital from a bullet wound received Thursday night while riding a freight train. It has not been ascertained who fired the shot. Shemaker recently assisted in organizing an unemployed committee in Los Angeles, Calif.

WASHINGTON, April 1.—The Chicago and Illinois Midland railroad was authorized today by the interstate commerce commission to issue and sell \$484,000 in equipment trust certificates. The funds will be used to pay in part for 750 new gondola cars.

CHICAGO, April 1.—William M. Baldwin, at one time associated with the Galena, Signal Oil Company, left an estate valued at close to \$2,000,000, the final accounting showed today.

ALTON, April 1.—Fire caused a loss of \$75,000 to the first Methodist church here last night. The blaze is believed to have started from defective wiring.

EAST ST. LOUIS, Ill., April 1.—Agnes Houseman, 3 years old is dead at her home here today from suffocation caused by a nail lodged in a bronchial tube. The girl swallowed the nail more than six months ago.

JACKSON, Miss., April 1.—The special committee of the Mississippi house of representatives named to investigate charges of "pernicious" lobbying by certain fire insurance interests and other allegations made by Governor Russell in a recent special message to the legislature, reported today that its investigation had failed to substantiate the charges.

ROCKFORD, Ill., April 1.—Mrs. Jane Cunningham of Rockford, is 100 years old today. An informal reception was held at her home. Mrs. Cunningham is in excellent health and alert mentally.

DECATUR, Ill., April 1.—Dr. A. A. Tyler, head of the biology department of Millikin university died here Friday evening of pneumonia.

SPRINGFIELD, Ill., April 1.—Dirt roads of central Illinois are in very bad condition and almost impassable in places, according to bulletins issued by the U. S. weather bureau here. They are reported in especially bad condition near Bloomington and on the Quincy and Jacksonville routes. Even oiled roads have been affected by recent rains.

LOS ANGELES, April 1.—Phillip A. Starak, wealthy Chicago manufacturer of pianos died suddenly yesterday while motoring near here. A daughter who recently came west with him, was with him when death came. He was 63 years old.

CHICAGO, April 1.—Twenty families were forced to flee from apartment houses when a fire starting in the Juvenile Toy Manufacturing company spread to neighboring buildings at midnight. The factory building was destroyed and fire department officials estimate the loss at \$40,000. The apartment buildings were only slightly damaged.

CONFESSED KILLERS SENTENCED FOR LIFE

CHICAGO, April 1.—Ira D. Perry, Jr., 22, and Joseph L. Shean, 21, were sentenced to prison for life today by Judge McKinley in criminal court after they had confessed to two murders. Only the fact that the state's attorney waived the death penalty when they pleaded guilty saved them from the gallows, the judge said in passing sentence.

Perry admitted shooting William Shaller, a jeweler in a holdup last February and Shean said he killed Paul Loberg, a jeweler during a holdup in December, 1920. The youths were members of a band that, according to police, committed more than 100 robberies.

HIGH SCHOOL PITCHER STRIKES OUT 21.
ABILENE, Texas, April 1.—Granville Nugent of Trent, near here struck out 21 men in a game between Sweetwater and Trent high schools. The score was 9 to 1. A Sweetwater man stealing home during a squabble among the players.

ELABORATE PLANS MADE TO PROTECT SOVIET DELEGATES

Berlin Railway Station Surrounded by Armed Troops

(By The Associated Press)
BERLIN, April 1.—Not since the peaceful days of the empire, when it was customary to surround to a visit and departure of visiting potentates of the coming and going of the Emperor with precautionary military or police measures, has a Berlin railway station been the scene of such an elaborate detail of armed protection as that mobilized today for the benefit of the Soviet Russian delegation to the Genoa conference.

Despite attempts to conceal hour and place of arrival a large crowd was waiting to get a close view of the Russians.

George Chitcherlin, Bolshevik foreign minister who was received by Baron Von Maltzen, chief of the Russian section of the German foreign office, was the first to leave the station. He entered one of the official motor cars of which several were placed at the disposal of the delegates. Maxim Litvinoff and Adolph Joffe followed a few minutes later.

The appearance of the delegates hardly indicated that they are heading for a formal conference with the diplomats of Western Europe. Their hand luggage also suggested conformity with rigid communist discipline.

M. Chitcherlin and several delegates seemed especially gratified with the results of the pre-Genoa conference held at Riga, at which Soviet Russia, Poland, Estonia and Latvia signed a protocol pledging themselves to a limitation in the number of border guards and for further discussions at Genoa of plans necessary to make a recurrence of war activities in eastern Europe impossible.

The Baltic conference also pledged the four powers particularly to a policy of free credit operations which would indicate that Eastern Europe stands against the world consortium proposals.

In other words the Baltic entente stands for the financial and economic freedom and for the sovereignty of Russia and the border states. They claim that they must be admitted to deal with any and all financial groups or individual financial institutions as they please.

MISSISSIPPI WILL BEGIN TO FALL TODAY
(By The Associated Press)
MEMPHIS, Tenn., April 1.—The Mississippi will begin falling by tomorrow night or early Monday at this point and the rate of fall gradually will increase, according to a bulletin of the weather bureau today. The crest of the flood waters is now flowing past the city with the river stationary at 42.6 feet on the gauge. With the exception of the trouble Old Town, Ark., where the front levee has sloughed off a distance of 175 feet along the short levee, no serious conditions have been reported from any point along the levee line in this river district.

Telephone messages tonight said that the back waters from the White river had reached Clarendon, Ark., and that thousands of acres of land between Clarendon and the river were under several feet of water. The farmers in this section moved out with their livestock several days ago.

To river here is more than three miles wide with a six mile current which is bringing down enormous quantities of drift and logs.

U. S. CANNOT CASH CHECK FOR 19 CENTS

(By The Associated Press)
WASHINGTON, April 1.—The United States may be the wealthiest nation but its treasury cannot cash check for nineteen cents issued to one of the dollar-a-year men that served it during the war.

Hugo D. Newhouse, San Francisco attorney served as a dollar-a-year man with the war department for two and one half months prior to the armistice. He wanted the check as a souvenir and enlisted the efforts of Senator Shorridge to get it. It came yesterday but across one corner was endorsed the notation that no funds were immediately available to pay it. The amount was computed on the actual basis of one dollar a year.

EXECUTIVE ORDER RESULTS IN MANY OFFICIAL CHANGES

Director and Twenty Eight Employees of the Bureau of Engraving and Printing Are Removed—Democrats Charge Act to Politics and Promise Congressional Airing

(By The Associated Press)
WASHINGTON, April 1.—Department of justice agents have been instructed to make a thorough investigation into the bureau of engraving and printing, from which James L. Wilmeth, its director, and 28 chiefs, superintendents and foremen were removed by executive order of President Harding, Attorney General Daugherty announced tonight. Mr. Daugherty said he had assigned agents to Louis A. Hill, the newly appointed director, to go into the conduct of the affairs of the bureau, but did not indicate what course the investigation was to take.

Official Washington was dazed today at the suddenness of the president's re-organization of the government's giant engraving plant "for the good of the service" and the possibility of a congressional airing of the change was indicated by Senator Crawley, Democrat, who announced his intention of seeking the reasons for the dismissals in the senate Monday.

Senator Caraway declared that in his opinion there had been "nothing but politics" in the dismissal of the bureau officials and that it was the intention of the administration to follow its action up in other agencies of the government with a view to putting Republicans in office.

"To say that these employees were dismissed for the good of the service," he said, "is not enough. Nor is it fair to them to imply that they are inefficient."

Some officials asserted that further developments in connection with the bureau shake up were to be expected asserting that the complete investigation of the plant would reveal facts warranting the quick action taken by the president.

PREMIER POINCARE MAKES REPLY TO CHANCELLOR WIRTH
Says France Will Assert Her Entire Liberty of Action
(By The Associated Press)
PARIS, April 1.—Premier Poincare told the chamber of deputies today that if Germany remained recalcitrant regarding the payment of reparations France would assert her entire liberty of action and that the allies were in accord with France on that point.

Three fourths of the chamber applauded this statement.

Altho replying nominally to interpellations on the governments foreign policy, M. Poincare in reality was answering the speech of Chancellor Wirth in the German Reichstag in which he announced Germany's non-acceptance of the conditions laid down by the reparations commission for a partial German moratorium on reparation payments.

The premier warned Germany that her hope of using the Genoa conference to secure revision of the reparations clauses of the treaty of Versailles was a violent one.

Director Wirth referred to the economic conferences as the star of hope for Germany in her difficulties with the allies "but we are going to attack the 'forbidden ground' to the treaty of Versailles," M. Poincare said.

HEADS DISCIPLES OF CHRIST COLLEGES.

INDIANAPOLIS, Ind., April 1.—A. D. Harmon, president-elect of Pennsylvania College, Lexington, Ky., was re-elected president of the Board of Education of the Disciples of Christ (Christian Church) which controls 28 colleges in the United States today.

John H. Wood of Culver Stockton, Mo., was re-elected vice-president and G. D. Edwards, dean of the Bible College, University of Missouri was continued as secretary.

GERMANS GRIEVE AS GIANT LINER GOES

(By The Associated Press)
CUXHAVEN, April 1.—The Mammoth Liner, Bismarck, now christened the Majestic by the White Star Line finally reached the North Sea today for a trip after a series of mishaps in the way from the Hamburg shipyard down the Elbe.

The inhabitants of Hamburg and of every little hamlet along the river took leave to the graceful floating palace with aching hearts. They professed to see in the fact that she was grounded several times during the trip an indication that the ship was reluctant at being detached from what was intended to be her home port. To German shipping firms there was an irony in the fact that the ship was christened the Majestic on the anniversary of Bismarck's birthday.

DOROTHY ARNOLD'S FATHER IS DEAD

New York, April 1.—Francis R. Arnold, 86, father of Miss Dorothy Arnold whose disappearance on December 12, 1919, never has been cleared up notwithstanding a world wide search died today. For the last ten years he had been virtually an invalid shattered in health from the long strain and mental suffering due to his ignorance of his daughter's fate.

JOHN BURROUGHS FARM PURCHASED BY HENRY FORD

Will be Dedicated as Memorial to Naturalist Tomorrow
(By The Associated Press)
KINGSTON, N. Y., April 1.—The farm on the mountain side near Roxbury, where John Burroughs was born, where he lived many of his years, and where his body was laid to rest, has been purchased by Henry Ford, long a friend and vacation comrade of the naturalist and author.

On Monday the first anniversary of the burial of Burroughs the farm will be dedicated to his memory.

Mr. Ford, it was learned today, bought the place on March 19, from Julian Burroughs the naturalist's son to whom it was bequeathed and established a fund for its preservation as a memorial.

The John Burroughs Memorial association had been formed to buy the place and preserve it, but when the organization met difficulties in raising funds, Ford volunteered to see the plan thru. It was said today by Judge A. T. Clearwater, thru whom the purchase was consummated.

Judge Clearwater said Ford paid \$15,000 for the farm. His added gift will be used to preserve the spots that Burroughs made known to the world thru his books, "The Time Darkened House" in which he was born, "Woodchuck Lodge" and the rock upon which he played as a boy and that now marks his resting place. The spring that inspired many pages of his works.

Ford, Thomas A. Edison and Harvey S. Preston, who used to go on vacations with Burroughs are expected to attend the memorial service Monday.

While you are thinking about the coal strike and that it makes no difference to you since warm weather is not far distant and a considerable amount of coal is in storage, take this fact into account. The closing down of the mines and resulting idleness for five or six hundred thousand workers, means also cessation of work for thousands upon thousands of railroad employees. Then there are workers in other lines that will be out of employment for the same reason.

There are these interdependent things which must be taken into account before you decide just how much you are affected by the coal strike. The public must pay the bill for any extended period of non-employment.

TUESDAY'S ROAD ELECTIONS.

Road Commissioners will be elected in all road districts in Morgan County next Tuesday. Every citizen in the county, except those in Meredosia village, is entitled to vote for road commissioner. The road commissioners have charge of all the roads in the county except the State Aid Roads and those in municipalities. Road conditions affect directly most people in the county, hence the importance of electing commissioners who will perform their duties efficiently and honestly.

Most of the districts receive revenue enough from taxation to maintain good roads, if their

money is expended wisely, and in many of the districts the burden of taxation might easily be reduced.

The total road taxes in Morgan county received by the road districts last year for use on roads outside municipalities was over \$133,000.00. Under the present road law the county commissioners have charge and must maintain the county's system of State Aid roads—some two hundred miles of the most traveled highways—and the county board has levied a tax for this purpose and has already taken over the care of these roads.

Morgan county has talked good roads for years. Now is the time for action. Act now by going to the polls next Tuesday and voting for men for commissioners who have the ability to spend your money wisely and thereby maintain good roads in your neighborhood as can and should be done.

Jacksonville and South Jacksonville are in Road District 7 and residents of these municipalities are entitled to vote at the election to be held at Tobin's Store on East Lafayette Avenue.

CONGRESSMAN RICHARD YATES.

The indications are that Congressman Richard Yates will again become the candidate of the Republicans of Illinois for congressman-at-large. It is of course impossible for a candidate for such an office to make a canvass of the entire state but Congressman Yates is generally known and has such an excellent record that his nomination seems practically certain. He is indeed a worthy representative of this state.

In every election where his name has been on the ballot Morgan Co. has given him strong support, and history should repeat itself in the primary election April 11. When the bonus bill was up for consideration in the house recently Congressman Yates thus expressed his views:

"Mr. Speaker, when England asked for four thousand million dollars we gave them to her and she stood for the insult. When France wanted three billion and a half dollars we gave it to her and she swallowed the insult. Even the dear, kind King of Bel-

gium went home with a hundred and fifty million draft in his pocket. And now when our own boys come for what they ought to have, we orate all day long and hesitate. I do not hesitate, I am going to vote for this bill, because we can afford it, and I am in favor of getting the money from England and collecting the debts of these other nations that owe us. (Applause.) It can be done, and our promise that we would build a bridge all the way over and all the way back has not been kept. (Applause.)"

THE POSSIBILITIES IN MEXICO.

The possibilities of Mexico as a proper field for the development of the foreign trade of the U. S. is well emphasized by A. Guyot, Cameron in the Forbes Magazine. The fact that there is promise of the early recognition of the Mexican government gives the article greater interest.

"Mexico grows values of \$600,000,000 per annum, yet exports only 5 per cent of this and imports offset that 5 per cent. It produces almost every substance needed by mankind, Mexico, a country denuded of its forestation by frightful waste for centuries, needs coal. But it has a low-grade coal, equal to that of Texas; and even in 1918, there were officially stated to be 300,000,000 tons in sight. It needs irrigation. The Bequillas Dam in Chihuahua, the second largest in the world, with a capacity of 3,000,000,000 cubic meters of water, is an index of the coming harnessing of the multitude of waterfalls and water sources of the country. Mexico needs transportation facilities. They are approaching. It needs modern methods in many lines. These mean fabulous returns.

"Liberal mining and other laws, free ports and other incentives, are aiding economic relations. The hereditary and difficult land question is being adjusted. No trade field is as attractive, easy, and logical for the United States as Mexico. In 1921, the United States supplied approximately 85 per cent of the Mexican imports and took 95 per cent of the exports of Mexico. That trade can be expanded in a few years by 500 per cent. And the purchasing power of Mexico increasing rapidly, will become, as capital flows into it, of enormous proportions."

AN OPEN LETTER. To the Women Voters of Jacksonville.

The events of the last election day have impelled me to write this letter. The days following each election women ask me: "Why nothing was in the papers about the election." In the hopes that you may read this personal letter I am writing it.

A Parable of the Ten Voters. Then behold there was an election called in the Kingdom of Jacksonville. And behold the voters took their sample ballots in their hands and went forth to do their duty. And five of them were wise, and five of them foolish. They that were foolish worked or played all day. But the wise went early to the polls and voted and their consciences were clear and their hearts light, for they had done their duty.

And at four o'clock there was a cry made: Behold the polls will soon be closed. Then the foolish voters hurried to the polls, and some of them were in time but some were not, for the door was shut.

Then the foolish voters went away sorrowful, because they hadn't voted for the good man who deserved their support. Are you women interested in good roads, and a wise expenditure of the tax money you pay for use on the roads?

Go to the polls TUESDAY, APRIL 4th at 1004 East Lafayette

Ave. and vote for a good Road Commissioner in No. 7, to handle \$12,000 or more of the Jacksonville taxpayers' money.

Are you interested in the schools of Jacksonville, and how your biggest slice of the tax money is spent?

Go to the polls SATURDAY, APRIL 8th and vote for efficient and experienced members to manage the schools. Polls open from 12 to 5.

First Ward, Jefferson School; 2nd Ward David Prince School; 3rd Ward county polls, Manuvaltorre and E. College Ave; 4th Ward Lafayette and Grove street.

Are you interested in good men to manage the county's business and enforce the laws. Go to the polls TUESDAY, APRIL 11th and vote for them.

Are you interested in good men to conduct your city's business? And are you against having Sunday theaters in Jacksonville. Go to the polls TUESDAY, APRIL 18, and vote.

County and city polls at the usual places.

Yours, Lillian I. Danskin.

CLUBS

The Strawn's Crossing Club met Tuesday afternoon with Mrs. Edgar Boston on South Church street.

On Tuesday, April 4th at 8:30 will occur the annual concert of the Jacksonville Woman's Club in the Auditorium of the new High School. Special announcement is made elsewhere in this paper. The April meeting which was to have been held April 8th has been postponed until April 15th at the Odd Fellows building on East State street.

The Clark's Chapel Ladies Aid met Wednesday March 29th with Mrs. Roy Newberry. Owing to the bad condition of roads and weather, only a small number were present. A business session was held, when several items of business were brought up and discussed, after which a social hour was enjoyed, the hostess serving dainty refreshments. Next meeting to be held with Mrs. Lula Nicholson, April 19th.

The Proof readers will meet with John Kearns, 432 South Manuvaltorre street, Tuesday evening, April 4.

The Parent Teacher association will meet at the Lafayette school Wednesday at 3:30.

The Helen Rawlings Chapter will hold their April meeting Monday evening at the First Baptist church. A picnic supper will be enjoyed at six o'clock and the meeting dismissed before the beginning of the revival service at 7:30. Miss Edith Dawdy will be the leader and her topic is "The Life of Service."

The Monday Conversation Club will meet with Miss Alice Phelps 1025 West College Avenue, April 3rd at 2:30.

The Wednesday Class will meet with Mrs. Walter Ayers, April 5. The Case Committee of the Social Service league will hold its regular monthly meeting at the League rooms, Monday afternoon, April 3, at three o'clock. Members are urged to be present.

The Business and Professional Woman's Club will meet Friday evening, April 7th, at 7:30 at the Pilgrim Memorial Congregational church.

Mrs. W. F. Brown will be hostess to the College Hill club Monday afternoon at the home of Mrs. R. A. Gates, 1036 West Lafayette avenue.

The East Side Tuesday club will meet with Mrs. T. O. Hardesty 7 Duncan place, Tuesday afternoon at 3 o'clock.

The regular meeting of the Parent-Teacher association of the Lafayette school will be held Wednesday afternoon at 3:30. Mrs. Paul Samuell will give a reading; Miss Beulah Tull will give a musical program. The social hour will be in charge of the mothers of the children in Misses Anderson's and Todd's rooms.

The Parent Teacher association of the Third Ward will meet Thursday evening at the Franklin school. There will be a program and refreshments.

The Wednesday Social club will meet with Mrs. E. A. Olds, 215 West College avenue, Wednesday afternoon, April 5, at 2:30 o'clock.

The tablet committee will meet at the Duncan Memorial, Monday afternoon at 3 o'clock.

The Ladies' Aid society of Westminster church will hold its regular monthly meeting with Mrs. Rayhill 232 Westminster street Thursday April 6th. A full attendance is desired.

A TESTIMONIAL FROM CHAMPAIGN

Fred D. Ruge of Champaign was visiting in the city yesterday, and incidentally remarked, that the appearance of Leo Dietrichstein at the Opera House next Wednesday, would be the greatest opportunity for Jacksonville to see a wonderful show, with an exceptional cast, and with costumes and stage settings that are unusually beautiful.

Mr. Dietrichstein and Company recently opened the new \$400,000.00 theater in Champaign, and there were more than one thousand mail orders for reserved seats.

WOODSON

Mrs. Lena Carter of Jacksonville, came for a visit with her parents, Mr. and Mrs. L. N. Adams. Mrs. Carter's many friends are glad to know that she has now practically recovered from injuries received in an auto accident some weeks ago.

Mrs. Charles Taylor is ill with pneumonia at her home here. The disease is not a serious form, but Mrs. Taylor was not in robust health prior to the attack and her present illness is therefore especially unfortunate.

George Staples, telephone operator at Woodson, who has been kept from his duties for the past week or two, was able to be out Saturday.

Mr. and Mrs. Sylvester Daniels of Jacksonville are here to spend Sunday with the latter's parents, Mr. and Mrs. Isaac Daniels.

Miss Mae Obert of Jacksonville is spending Sunday with home folks at Woodson.

FORMER RESIDENT NOW MAN OF WEALTH

Oil Lands Have Helped Hector Derydyn Amass Fortune—Aged Belgian Represented in Oklahoma Law Suit By Judge Owen P. Thompson.

Judge Owen P. Thompson has returned from Paul Valley, Okla., where he has been for the past week or ten days on business. Many of the residents of Jacksonville of 20 years ago will remember Hector Derydyn, who for a period of years was engaged here in the work of piano tuning.

Mr. Derydyn after leaving this city went to Oklahoma and acquired a large acreage of land there. In later years some of the land has become very valuable on account of the discovery of oil. Various legal entanglements have arisen with reference to leases and ownership and Mr. Derydyn sent for Judge Thompson to assist him.

Judge Thompson has associated with him an Oklahoma attorney and a suit was instituted for the purpose of protecting Mr. Derydyn's rights. The hearing is to be held at a later time when it will be necessary for Judge Thompson to return to Oklahoma.

Mr. Derydyn's story has a touch of the romantic about it. He is a Belgian who came to this country when he was fifty-two years of age. He soon came from the east to Jacksonville, where he quickly built up a fair business as a piano tuner, doing the work here and in a number of surrounding towns. He sent most of his earnings back to Belgium for the support of his wife and children, but managed to save enough to begin the purchase of lands in the southwestern country where he became resident after leaving Jacksonville. Some of the land is quite fertile but the greatest value is in oil possibilities. Mr. Derydyn is already rated as a wealthy man and has prospects of getting into the millionaire class.

Attend Grace Sunday School.

FORMER MINISTER OF WINCHESTER IS DEAD

Rev. C. W. Caseley, Well Known Methodist Minister, Called by Death—Other News From Winchester.

WINCHESTER, April 1.—F. H. Allen received a message Saturday afternoon announcing the death of Rev. C. W. Caseley at his late home in Jackson, O. Rev. Mr. Caseley was pastor of the Methodist church in Winchester for a period of five years and only left this city a year ago last October. He went to New Hampshire to be with his children and later a home was purchased in Jackson, Ohio. The deceased had been ill for a number of weeks and suffered greatly during his final illness.

Many friends of the deceased minister will deeply regret to learn of his death. He was one of the leading ministers of the Methodist denomination and was held in high esteem by the members of his congregation here.

Dr. Clark of Galesburg is a guest at the home of Mr. and Mrs. Albert Kreuger.

One of the committees of the Household science department had a sale of eatables and an apron bazaar at the Higgins book store Saturday. The receipts were something in excess of \$30 and this sum will go toward the soldiers' monument park fund.

Dr. E. E. Violette, who arrived here a few days ago from Pittsburgh, Pa., where he had just closed a series of successful meetings, left Friday for his home in Kansas City. While here he was a guest of his sister, Mrs. Bert Coultas.

Mrs. N. T. Lashmet left Saturday for a short visit with relatives in Jacksonville.

The school at Merritt planned to give an entertainment Saturday evening but this was postponed on account of the bad road conditions. The program will be given next Saturday evening.

Frank Ruark is confined to his home by illness, suffering from the flu.

Miss Ada Smith arrived Friday night from Granite City for a week end visit with her brother, Supt. C. W. Smith and family.

Miss Bertha Moore, teacher in the primary department of the Naples school, will spend Saturday and Sunday with her parents.

CARLOAD OF TARVIA FOR STREET IMPROVEMENT.

One hundred barrels of tarvia or one car load has been received here to be used in repair and maintenance work on the streets this spring and summer. P. J. White, street superintendent, stated yesterday that the tarvia is to be used wherever needed, in retopping some pavements and in patching brick pavements.

Last year two car loads of tarvia were used upon the streets of Jacksonville, and various pavements were put into excellent shape by its use.

C. & A. PREPARED FOR SLUMP IN BUSINESS.

WHITE HALL, March 31—

The C. & A., as is the case with other roads, is prepared for the slump of traffic during the coal strike, and considerable retrenchment has been made, the most drastic of which is the elimination of the terminal at Roodhouse, Mo., for through freight traffic.

Beginning Monday through freight will be run between Slater and Roodhouse with Slater as the home terminal. Numerous reductions have been made at stations all over the system, and two local freight trains have been taken off the northern division.

Two operators have been taken off at Roodhouse, and their work is thrown onto the dispatchers. The dispatching force at Roodhouse remains undisturbed.

An automobile inspector visited White Hall this week, and found a number of automobiles in service with the 1921 license. A total of 29 cars on Main street were halted for the offense. The penalty was an admonition for the owners to get their money in the office of the secretary of state forthwith for the new license tag.

The remains of Fulton Bradshaw were brought from Jacksonville Thursday, and funeral services were held in Tabernacle Baptist church today. He was taken to Central hospital about two weeks before his death, dying in that institution. He was about forty years of age, being a member of an old White Hall family, and is survived by a son. The funeral was in the Jones cemetery.

SEEKING PLEDGES FOR FAIR ASSOCIATION

The committee, appointed to solicit pledges toward the Morgan county fair association have raised about \$1,000 toward the \$1,500, which they sought. The very bad weather the past week interfered materially with the work of solicitation and so the time for securing the funds was extended to Wednesday.

The other committees appointed to secure funds outside the city found the work almost impossible and the time for this solicitation work was also extended. The indications are that it will not be very difficult to secure the entire fund suggested.

Hugh P. Green is confined to his home on West North street by illness. This fact has interfered to some extent with Mr. Green's campaign work, but he hopes to be able to leave his home in the course of a few days.

ASSESSMENT WORK BEGINS IN COUNTY

Values of Personal Property Will Be Fixed by Deputy Assessors.

The assessment of personal property in Morgan county was begun Saturday. Acting in accordance with the law Grant Graff, treasurer and assessor, appointed a number of assessors to serve in Jacksonville and Waverly and the various townships of the county, in fixing the value of personal property as of April 1. This is not the year for placing real estate values and assessors are expected only to take into account where changes have been made and upon the improvements on real estate. If there have been additions to buildings, or if buildings have been destroyed by fire, these facts are to be taken into account.

Practically all of the deputy assessors named are experienced in the work in which they are engaged. They are as follows:

13-8—Edgar Criswell.
13-9—Arthur Rouland.

13-10-11—Charles Rousey.
14-8—Morgan Ryan.

14-9—W. N. Luttrell.
14-10—J. W. McCallister.

14-11—Thomas O'Connell.
15-8 & 9—Kenneth Beerup.

15-15—Charles Scherz.
15-11—Oscar Braner.

15-12—Wm. Brownlow.
16-8 & 9—John Henderson.

16-10—James Petefish.
16-11—John Kershaw.

16-12—Frank Weber.
16-13—Henry Deppe.

Waverly—Vernon Keplinger.
Jacksonville—

INTERESTED IN SOUTHERN OIL FIELD.

Arthur S. Mitchell, of Summit, N. J., left last night for Haynesville, La., after a brief visit here with Mrs. Mitchell and Miss Margaret Mitchell, who are guests at the home of Miss Grace Carter. Mr. Mitchell, who is an oil operator, was one of the first to reach the now famous Haynesville field. The development there has been both rapid and marvelous and several new records in oil production have been made.

Mr. and Mrs. Mitchell's Jacksonville friends will be interested in knowing that he was fortunate in securing holdings there in advance of the development and his properties have in consequence grown in value very rapidly.

GOOD RECORDS MADE AT LOCAL BUSINESS COLLEGE

Miss Velma Dey of Bunker Hill won the first place in the ten minute accuracy contest which held at the six business colleges this week. Miss Dey's record was 18.8 words a minute for ten minutes without an error.

Miss Irene Wood of Murrayville won the highest place in the speed class which ended Friday. Her record was 57 words per minute for fifteen minutes. Miss Elizabeth Tuite won second honors with an average of 41 words per minute.

Misses Allen Cleveland, Helen Perrella, Velma Dey and Myrtle Virginia won the prizes offered by the Underwood company to all students making 40 words a minute for fifteen minutes. Students who received certificates for writing thirty words per minute were Misses Elizabeth Tuite, Rose Fulton, Irene Wood, Katherine Duwer, Lucille Short, Helen McGinnis and Georgia Mawson.

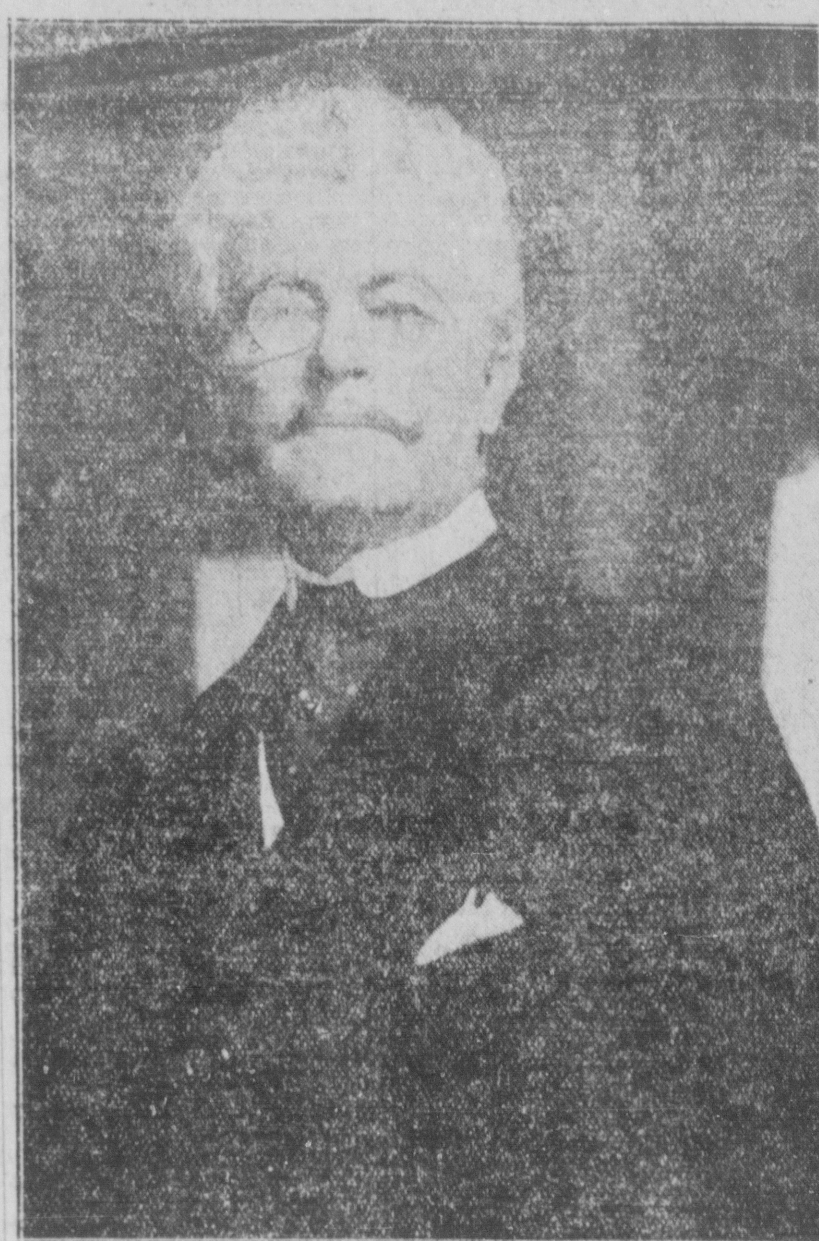

TO THE PUBLIC

I am still in the race for sheriff, altho a three weeks' illness has kept me from calling on my friends personally but hope to be out soon. However, your vote will be appreciated.

HARLEY ADAMS.

Wednesday, April 5

RED CROSS NOTES

The branch meeting which was to have been held at Murrayville Friday evening and was postponed on account of the weather, will be held Tuesday evening, April 4th at 7:30 o'clock. It is hoped that a large number of people will be in attendance at this meeting as an excellent program has been prepared by the students of the Murrayville and Oak Hill schools. Dr. Elizabeth Ball of Springfield will also make an address and Miss Grace Carter of this city will talk on the National Convention held recently in Des Moines.

Wells E. Finnigan of Springfield, representative of the Veterans' Bureau, will be in Jacksonville Tuesday and will interview ex-service men in regard to compensation claims and Vocational training.

Mr. Finnigan will be at the Red Cross headquarters at the Public Library, after three o'clock in the afternoon and at this time will interview any ex-service men in regard to Government compensation of all kinds.

The Red Cross Nursing Activities committee will meet in Waverly Thursday evening. This is one of the regular county meetings and will be in charge of Miss Grace Carter, county chairman of the committee. Earl Spink of this city will speak at the meeting and Mr. Kohlhoff, of the Federal Board of Vocational Training at the State hospital will make an address.

The Home Service Advisory committee of the Red Cross will meet at the Red Cross headquarters Thursday evening for the semi-monthly conference with the executive secretary.

The executive board of the Morgan County Red Cross will meet in the Red Cross rooms, Friday evening at 7:30 o'clock. This is a very important business meeting and all the members of the board are requested to be present.

Easter bazar and chick supper at Brooklyn church Tuesday, April 4. Men baked chicken, dressin noodles, gravy, mashed potatoes, deviled eggs, cabbage salad, pickles, bread, butter ice cream and cake coffee.

TO SHOW COUNTED A GREAT SUCCESS

R DEALERS AND MERCHANTS WELL SATISFIED.

Week Brought Greater Attendance Than Expected—Automotive Men Give Boost to Coliseum Project.

The Jacksonville Automobile and Merchants' Exposition of the spring of 1922 is now a part of history. The show and exposition came to an official close at 10:30 o'clock last night, after a day and other social hours continued until midnight. The weather conditions of the week were exceedingly unfavorable but in the face of these conditions the whole show was a remarkable success. The attendance exceeded all expectations and interest was sustained throughout every afternoon and evening of the week.

President Berger, speaking on behalf of the association, last night expressed appreciation for the hearty co-operation of the

many people which resulted in the successful week.

At a business meeting the automotive men voted to use the proceeds of the week, which will run somewhere from \$500 to \$1,000 toward a coliseum fund. Then J. F. Claus the chairman of the concessions committee, who is enthusiastic for a coliseum building, pledged an additional \$1,000 subscription. It was intimated that at least 10 or 15 men can be found in the association who will take \$1,000 worth of stock each. So it is very apparent that the automotive men are genuinely interested in this coliseum project. They believe that the stock subscriptions can be raised sufficient in amount to purchase a site and erect a building.

The thought would be to have a building of a size and design suitable for automobile and livestock shows, basketball and other athletic events, in fact equipped for any large gathering of people where ample space is a requirement.

As already indicated the week was also successful from the car dealers' standpoint because a great many sales were made and besides the dealers got in touch with numerous "prospects."

Some Prizes Awarded.
George Murphy of this city is now the owner of the large doll offered by W. J. Edelbrock, representative of the Cooper battery. P. J. Woulfe of Woodson was awarded the \$10 gasoline coupon book by the Mandeville Electric Company.

The Illinois Tire Company gave away a 30 by 3 1/2 casing. Announcement was made last night that the owner of this casing is now Leo Ward of Route 3, Winchester.

The Morgan county Dairymen's Association awarded to Mrs. Effie Culp the Jersey calf offered as a prize. The calf was donated by F. V. Correa. The contest was so close between Mrs. Culp and C. A. Frommel that a tie resulted and a blindfolded lad was utilized to make the decision.

E. E. McPhail is the president of the association and Howard Stevenson the secretary. The association also offered cash prizes for the best poster emphasizing the great value of milk as a food. The first prize was awarded to Billy Walton and the second to Elbert Sieber.

Isolation Hospital Fund.
When the ladies of the Christian church Passavant Hospital Aid society closed their booth at 11:30 o'clock last night the president, Mrs. E. W. Brown, and the treasurer, Mrs. C. W. Cully, were able to announce that the net proceeds for the week will be about \$413. As already indicated, this money will be used as a nucleus for a fund to build an isolation hospital on Passavant hospital ground.

A pile made by Mrs. Edgar Ray was sold at auction by Charles M. Strawn and netted \$13. This was the largest individual amount

raised. The society is indebted to a great many people for assistance and to the following persons or firms for donations: Auto association, W. F. Widmayer, John W. Merrigan, Mullenix & Hamilton, H. W. Dorwart, Federal Bakery, Cully Coffee Co., Andre & Andre, Harry Hofmann, Powers, Begg & Co., Ogar Cigar Co., F. V. Correa, Snyder Ice Co., New System Bakery, F. J. Andrews Lumber Co., Rabjohns & Reid. There were also a number of cash donations.

The Work of Removal.
When the Auto Show came to its official close last night the car owners and merchants very quickly began the work of removing the cars and goods displayed. The Haas Electric Co. also began the work of removing the special wiring. Under the direction of R. W. Blucke 9,000 feet of wiring was installed and over 400 lights put in place.

The Radio Concert.
The radiophone of the Jacksonville Railway and Light Co. was used with fine results Saturday night. The operators, McKenzie Conover and Fred Barr, during the evening were in touch with stations in Chicago, Denver, Pittsburgh, Indianapolis, two in Chicago and four other cities. They received matter from these stations in addition to the full Westinghouse program of nine numbers.

HOUSEWIVES UNION LATEST IN FIELD

Two Men Among Incorporators—One is Named Lionheart and He Will Probably Need the Courage of the King of Beasts.

SPRINGFIELD, Ill.—And now comes the Housewives Union into the field in Illinois, dedicated to the normal and intellectual uplift of the non-wage earner. Granted a charter by Secretary of State Emerson, the new organization, two of whose six incorporators are men, will direct its campaign from headquarters in Chicago.

The union defines its purpose as follows:
"To organize all non-union wage earners and to investigate living conditions and to disseminate such information which may help the members to reduce the cost of living; to initiate undertakings for the reduction of rent; to raise the standard of living and uplift the morale of the members and the community; to conduct investigations and experiments which will increase the health and happiness of members; to publish items of news which will result in increasing the efficiency of the non-wage earner, and to conduct lectures and debates for educational purposes and to do any and everything necessary or convenient for the accomplishment of any of the purposes or objects above mentioned or incidental thereto."

WRECK OF OLD BATTLE IS FOUND.

LONDON—Remnants of a wreck believed to date back to a Dutch-Spanish battle in 1641 have been brought to the surface by salvage workers in Larwick harbor.

Four ancient cannons, each seven feet long with a threeinch bore have been salvaged and these have been supplemented by massive oak timbers, which are in a good state of preservation.

It is believed that the wreck is that of a Dutch warship, which with three East Indianmen was attacked by armed ships of Dunkirk (then Spanish), in Bressay Sound, on June 13, 1641. After a fierce engagement, two of the Indianmen were sunk and the third escaped, while the Dutch warship was compelled to surrender.

NEW CORPORATIONS.

SPRINGFIELD, Ill.—New corporations licensed by Secretary of State Emerson include the following:

Ducat—Pointer Signal Corporation, \$25,000, manufacturers and dealers in automobile safety signal devices. J. L. Warren, P. L. Drew, A. T. Overman.

Joint—Supreme Auto Radiator Manufacturing Company, \$50,000. Louis Faber, Philip Schneider, Morris Saper and John J. Clancy.

Elgin—Elgin Auto Supply Manufacturing Company, \$18,000. Charles H. Wascher, Michael McNamera, D. M. Brewbaker, Clifford E. Reed, William F. Lynch, William J. Meyers, Charles W. Kreuger.

MEMBERS OF RADIO CLUB HELD MEETING

The members of the Jacksonville Radio Club met Friday night at the School for the Deaf to organize. The following officers were elected:

President—H. M. Andre.
Secretary—Miss Katherine Barr.

Treasurer—E. E. Crabtree.
Following the business session the club enjoyed a splendid program. Several cornet and vocal solos were heard from Pittsburgh, an orchestra in Detroit played the overture of "William Tell" and an Hawaiian orchestra played in Las Vegas, New Mexico for the benefit of disabled soldiers.

The radio is working splendidly now and the members are anticipating many pleasant evenings. The members of the club are: E. E. Crabtree, J. J. Reeve, O. C. Smith, H. M. Andre, Frank Byrns, R. Blucke, T. M. Tomlinson, Dr. Weirich, Dr. Kopperl Dr. Chapin, E. W. Bassett, J. S. Hackett, Gates Strawn, J. L. Johnson, Mrs. Barr Brown, Miss Katherine Barr, Thomas Harber, Lloyd Hamilton, Robert Woolston, J. L. Snyder.

WILL ADDRESS MILLER'S MEETING.

CHICAGO.—E. G. Montgomery, chief of the foodstuffs division and Dr. J. A. LeClere, special trade commissioner, representing the United States Department of Commerce will address a meeting of the American Corn Millers Federation at Chicago, Monday, April 3.

Six months ago Dr. LeClere went abroad to study European markets especially with relation

to American milled corn products. He has just returned, and corn millers have been called together to hear his report. Mr. Montgomery also will speak on the subject of finding foreign markets for the products of Indian corn.

Various government agencies have been interested in the economic importance of increasing the use of Indian corn as food, according to officers of the Miller's Federation.

NEWS OF THE SPORT WORLD

SEVENTH GRADE WINS D. P. TOURNAMENT

Defeated Eighth Grade Team Saturday Evening by Score of 7 to 6—Lewis Picks All Star Team.

Osborne's seventh grade team defeated the eighth grade team led by E. Smith in the final game of the David Prince championship in David Prince gym Saturday, the final score being 7 to 6. The contest was an exciting one and the winner was not decided until the final whistle. The losers are said to have accused Lewis the referee of giving the winners extra time. However,

TRI-STATE ATHLETIC OFFICIALS ASSOCIATION

QUINCY, Ill., April 1.—Organization of the Tri-State Athletic officials association was practically perfected at a meeting of 45 football and basketball officials here today.

The association is being organized primarily to help promote clean high school and college athletic competition and not to further the interests of the officials themselves.

Membership in the new association is to be restricted to those men who can meet the rigid requirements of a high class official. Three meetings for discussion of rules are to be held each year. Officers elected today are, President, L. B. Echols, Quincy; vice-president Stuart M. Clark, Carthage, and Secretary-treasurer, R. H. Deit, Athletic director of Culver-Stockton College, Canton, Mo.

Hear Isidore Levin at court house Wed. April 5. Suppressed facts exposed. Women also invited. Moore, Frisch and Rogers are invited to share platform.—(adv)

WEISSMULLER WINS PENTATHLON SWIM.

NEW YORK, April 1.—John Weissmuller, Illinois Athletic Club star tonight won the national Pentathlon swimming championship winning four of the events, finishing fourth in the other and setting a new world's record for 500 yards.

CONFERENCE IDEA IS VERY POPULAR

Various Schools are Lining-up for New League—Will Help Athletics—Principals are Pleased.

Various schools which have been decided upon as suitable members of the new central Illinois high school conference are thinking favorably of the idea and several of the schools have agreed to accept membership.

The principals are pleased with the idea as they feel that the new conference will fill an urgent need since the old Corn Belt association has been abandoned.

Athletes will not be the only line in which the schools will compete for the literary and musical end will come in for competition among the schools.

A fine feeling of sportsmanship and clean rivalry should be developed among the schools of the new body and the principals of the various schools who have been fighting for this conference the past few years deserve a world of credit.

Jacksonville is a Member.

This conference is to be made up of Decatur, Bloomington, Peoria Central, Peoria Manual, Jacksonville, Urbana, Springfield, and Danville. According to the constitution two other schools may be added to the list which would give a membership of ten of the leading high schools in central Illinois. The two likely schools are University High, Canton or Pekin while Kankakee is another possibility.

Required Games.
Four football and eight basketball games are the minimum requirements for members of the conference while track meets are to also be held. The first conference event will take place May 6 when Springfield will stage the conference track meet.

At that time it is expected the schools having a membership will take up other important matters. The Track Events.

At the time of the annual track meet contests may also be offered in reading, extemporaneous speaking, stenography and typewriting. Following are the events to be offered in the meet: 50, 100, 200 and 440-yard dashes, 120-yard high hurdles, 220-yard low hurdles, 880-yard run, mile run, discus throw, javelin throw, 12-pound shotput, running broad jump, running high jump, pole vault and two-mile relay race with four contestants. Each school may enter four contestants in each event but only two of them may start, while the relay race will not be given a point count except in case of a tie.

Stipulations concerning the payment of expenses, choice of officials, distribution of proceeds from the annual track meet, awarding of trophies and championships and the official rules are left for the first meeting of the board of control, which will be composed of the high schools in the membership.

Probable Schedule Changes.
So far as football is concerned the Bloomington high school team will not need to make any changes in her usual schedules as games are regularly charted with Decatur, Urbana, Springfield and Peoria Central. It is known that Danville is very anxious to book a game with the locals for Thanksgiving day and the eastern school is very anxious to complete arrangements for the contest.

In basketball also it will be very easy for Bloomington to arrange for at least eight games with other conference teams as games are regularly played with Peoria Central, Peoria Manual, Decatur and Urbana and the addition of Jacksonville, Springfield and Danville should serve to add competition to the season.

Bloomington Pantagraph.

GOPHERS HAVE MANY CANDIDATES OUT

Minneapolis, Minn., April 1.—Ninety candidates for the University of Minnesota baseball team answered the first call of the coach for candidates. There were a score of prospective pitchers and as many catchers.

General Tightening of College Rules

CHICAGO, April 1.—A general tightening up of rules and regulations governing athletic competition in Western Conference universities resulted from today's meeting of conference presidents, faculty representatives and directors of athletics.

Definite disapproval of inter-sectional contests, lengthening of the resident rule of migratory athletes of one to two years and of tightening of the amateur rule were important features of the meeting.

The rule disapproving inter-sectional contests will not influence football contests scheduled for this year between Chicago and Princeton, Iowa and Yale and Chicago and Georgia. The chief objection to inter-sectional contests was that students were taken away from the class rooms for too long.

Beginning September 1, it was decided no contests will be permitted with institutions not enforcing the freshman rule. This will prevent conference teams from engaging in contests with minor institutions as practice matches. When an athlete migrates from one big ten institution to another, hereafter he must attend the new institution for two years before being eligible for intercollegiate competition.

The amateur rule governing baseball was made more drastic by forbidding college players to be members of teams where admission is charged. Paragraph 2 of Rule 13, was changed to read:

"Occasional games during vacation with teams not professional nor semi-professional and having no permanent organization are

not prohibited provided no admission is charged. It was announced that athletic directors will communicate with each other regarding infringement of the rule by players of any team."

After this year, athletes will be permitted to participate in only two sports if favorable action is taken at the conference meeting in June on a resolution presented to the faculty meeting today.

According to the proposed rule, an athlete would not be allowed to play both football and baseball. Cross country running and track work were considered one sport.

The faculty committee passed a rule that it will entertain application for reinstatement of an athlete who has violated minor provisions of Rule Five dealing with compensation and prizes if the offense was committed prior to enrollment. The new rule will deal with athletes who accepted insignificant prizes for amateur competition.

The committee also voted to normalize and enlarge the list of eligible conference colleges and passed the recommendation of Athletic directors that big ten basketball officials who work in professional games shall be dropped from the conference list. The faculty committee decided there was already a rule providing that no student is eligible for athletic competition if he prolongs his graduation.

At the meeting of the presidents resolutions were adopted asserting that the development of athletics in recent years has been attended by a number of disintegrating practices and evils.

FORT WAYNE TEAM WINS BOWLING TOURNNEY

TOLEDO, O., April 1.—The twenty second annual tournament of the American Bowling Congress which has been running since February 27, closed tonight.

The Lincoln Life Insurance company, of Fort Wayne, Ind., won first place and a prize of \$1,000 in the five men event with a score of 2,998.

The Spinella Brothers of New York topped the list with 1,336 in the two men event for \$500.

Waldorf Lundgren of Chicago, won the individual championship with an A. B. C. record score of 729 and draws \$300 of the prize money.

Barney Spinella of New York won the all events and \$130 for shooting 1,999 for nine games said to be a world's record.

BASEBALL DOPE BOOK MAKES APPEARANCE

First signs of the arrival of the baseball season of 1922 were evident with the departure of the major league players for their training camps, but that the season has surely arrived is now certain with the appearance of the first schedule and record book. As usual it is the Dope Book, published by C. C. Spink & Son, St. Louis, Mo., publishers of "The Sporting News." A new feature of this book this year is the appearance of practically all the minor league schedules in connection with the major league dates given day by day. Special attention is also devoted to playing records established last year, considerable space being given to details covering the new home-run record of Babe Ruth. Among other features are a special section devoted to complete biographies of the stars of the major league teams, instructions on how to score, baseball abbreviations, how to compute averages, the names of parks at which major and minor league teams play, etc.

If you want one of these booklets, vest-pocket size, that may be carried at all times as a settler of arguments, you may have a copy by simply sending ten cents to C. C. Spink & Son, St. Louis, Mo., who will forward one of them promptly to the readers of this paper.

MAIMED VETERAN GOOD CHESS PLAYER.

BALTIMORE, Md. Playing chess is the latest accomplishment of Carl Bronner, who lost his eyesight and both hands in the world war. Bronner, who is at the institute for blind service men at Evergreen, says he knew nothing about the game before he lost his sight and had never seen it played. He is fast mastering the art.

Mental chess is the name given for the game Bronner plays as he never touches the chessmen. He visualizes their position, calling out his play.

The idea of mental chess played by the blind is believed to be an original one by Robert B. Reid, supervisor of education at Evergreen, and formerly university chess expert, who taught Bronner the game.

Bronner, who is 23 years old, was congratulated by President Harding in a letter for his achievement in mastering the Braille typewriter. Bronner has transcribed an entire book in Braille.

WILLIE HOPPE WILL RETIRE FROM GAME

ST. LOUIS, Mo., April 1.—Willie Hoppe, for 16 years 18.2 balkline champion of the world, has retired from the game, it was announced tonight by his manager, R. B. Benjamin, upon their return from Chicago, where Hoppe failed to regain the title from Jake Schaeffer, Jr.

Mr. Benjamin charged that commercialism in the billiard game made it impossible for the former champion to compete for his lost title within eighteen months or two years.

"Primarily Willie feels that he has reached the age where his first duty is to his family," a statement said.

Mr. Benjamin charged that a billiard firm of national reputation had commercialized the game, adding that the defeat by Schaeffer had not stimulated his decision to retire.

MONMOUTH COLLEGE FOOTBALL SCHEDULE

Will Contain Nine Games Next Season—Illinois Plays There November 4.

MONMOUTH, Ill.—Monmouth college has scheduled eight games for the 1922 football season, with the Armistice day date still open. Five of the games will be played on the home gridiron. Monmouth will open the season with Iowa Wesleyan. The hardest games on the schedule is expected to do that with Northwestern university on November 18.

Following is the schedule:
Oct. 7—Iowa Wesleyan here.
Oct. 14—Eureka there.
Oct. 21—Augustine there.
Oct. 28—Carthage here.

Ralph Woods of Franklin is spending a few days in the city visiting at the home of his sister, Mrs. Walter Wright of South Prairie street. He has just returned from Decatur where he visited for a number of days with relatives.

Miss Helen Sidles of Chapin was listed among Saturday shoppers in Jacksonville.

AMERICAN HORSEMEN BACK FROM RUSSIA

Had Hard Time in Country of Bolsheviks—Were Interned and Compelled to Raise Horses for Soviet Government.

CLEVELAND, O.—Will and Samuel Caton, harness horse breeders and trainers, are back at their home here after having been interned for four years by the Bolsheviks in Russia, where they were arrested in 1917. Twelve horses they took abroad were seized.

Horse racing has been practically wiped out in Russia the trappers say. Of 25,000 head before the war, only 4,700 are left. William Caton says he saved 2,000 of these himself through proper feeding.

The brothers owe their release and safety to efforts of the American Relief Commission, they say.

In relating his experience, Will Caton told how he had tried on several times to make his escape. When the Kermesky government fell he decided to make for Siberia with six of his best horses. He got as far as Omsk, where the new Soviet government confiscated the animals and put him to work raising horses.

He tried again when Admiral Kolchak made his invasion and succeeded thru the aid of a friend who had provided him with fake transportation to Petrograde.

He joined his brother and the American Relief Administration on December 29.

"It was the happiest Christmas of my life," he said. "We got ready then to go home in a month and here we are."

CARTHAGE WILL MEET ILLINOIS

CARTHAGE, Ill.—By scheduling Illinois College today for a game next fall, Lewis Omer, athletic director of Carthage college completed the Carthage football engagements for 1922. The schedule follows:

September 29—Quincy College at Carthage.

October 7—Carthage at Illinois College.

October 14—Culver Stockton at Carthage.

October 21—Carthage at Hedding.

October 28—Carthage at Monmouth.

November 3—Carthage at Eureka.

November 11—Iowa Wesleyan at Carthage.

November 18—Lincoln at Carthage.

November 25—Carthage at Bradley.

LOS ANGELES SPEEDWAY OFFERS BIG PURSE

Los Angeles, Cal., April 1.—Five sprint races for a \$15,000 purse and 400 points toward the National A. A. A. championship will be run on the Los Angeles speedway tomorrow with 11 or 12 drivers competing. Eleven were regularly entered tonight and Jerry Wunderlich was seeking to secure their consent to his entrance, his application not having been received within the time limit.

There will be four 25 mile sprints and a final of fifty miles. Drivers finishing first and second in the 25 mile events will qualify for the final.

ATHLETIC DIRECTOR AT SOUTH DAKOTA.

"THE GREAT LOVER" SCORES HIT IN ST. LOUIS

Jacksonville people are to have the opportunity of seeing Leo Dietrichstein in "The Great Lover" at the Grand Opera House next Wednesday. The company appeared at the Shubert Theater in St. Louis the past week. The following telegram was received last night by the management of the Grand Opera house here:

St. Louis, April 1, 1922.
"Leo Dietrichstein in 'The Great Lover' is the greatest theatrical treat of the St. Louis season."
George Lighton,
Manager Shubert Theater."

PROPERTY SOLD AT AUCTION.

The residence property belonging to the estate of the late Harry C. Montgomery was sold at auction yesterday by Master in Chancery Henry W. English. It was purchased by Mrs. Montgomery at a price of \$4,500. A public sale of residence property on South Clay avenue belonging to the Cunningham estate and owned by Morgan county was also sold. The auctioneer was C. Justus Wright. The property was purchased by O. C. Ingram at \$1,030.

Attend Grace Sunday School.

(Political Advt.)
CHARLES MAGILL

Candidate for Commissioner Road District No. 7.

For 15 years I have served as Commissioner in Road District No. 8, and it is a matter of record that during that time so much work was done on the roads that the district was known as the best in a very wide area.

When I was elected county commissioner I resigned as road commissioner but for 25 years I have been working in a practical way for the improvement of roads. Grading, draining, dragging and oiling work have all come under my direct control. I know how to do the work well and economically.

If chosen for the position of road commissioner next Tuesday I can guarantee that the work will be done economically and efficiently.

MANCHESTER CHURCH IS FREE FROM DEBT

Members of the M. E. Church Have Paid in Full All Debts—Other Manchester News.

Manchester, April 1.—The members of the M. E. church are feeling much elated over the fact that they are entirely free from debt. They have paid in full all outstanding obligations and are rejoicing over the fact. The Ladies Aid of the church deserves much credit for the present satisfactory state of affairs in the church. They have been untiring in their efforts in raising money and had a large part in discharging the debts of the church.

Among Jacksonville passengers on Thursday were Mrs. C. H. Sutton, J. E. Osborne, R. C. Curtis, Bida Greenwalt, Jesse Green, W. S. Clark and Oscar Clark.

Rev. Mr. Hanley of Springfield will preach at the Christian church Sunday morning and evening.

Mrs. Anna McCarthy spent Wednesday and Thursday with her daughter, Mrs. Harry Gade in Murrayville, and attended the play given by the Ladies Aid there.

A stereopticon lecture is to be given at the Methodist church Sunday evening. The subject will be "One Year of Centenary Achievement in the U. S."

E. L. Maine returned Thursday evening from a stay of several weeks in Bowling Green, Ky.

Joseph Curtis and Glenn Funk attended the Auto Show in Jacksonville Saturday.

The Ladies Aid of the Church will hold a food sale in the Chapman store Saturday, April 8.

I am a candidate for Commissioner in District No. 7. I have had experience in this work and if elected will be honest and do what's right, using the money to the best advantage. Anyone will be at liberty to look over the records.

GEORGE W. WILLERTON

FUNERAL NOTICE.

The funeral of the late Charles Suter will be held at 2 o'clock this afternoon from the Methodist church at Murrayville, in charge of Rev. Mr. Henninger. The services at the grave will be in charge of Murrayville lodge No. 415, I. O. O. F.

WE THANK YOU

Jacksonville's Third semi-annual Auto Show, Merchant's and Manufacturers' exposition is now history. It was an unqualified success from every standpoint except for the weather, and it is a matter of deep regret on the part of all concerned that road conditions prevented several thousand persons from attending, to see and enjoy the exceptional exhibits and the entertainment provided.

However it is the desire of the association to publicly thank those who so actively co-operated with it in making the recent show such a splendid success and a credit to the city—the business men, the American Legion, the United Commercial Travelers, Royal Neighbors of America Star Camp No. 171, Modern Woodmen of America Camp 912, the Chamber of Commerce committee, Mr. and Mrs. O. Spaulding, Howard Zahn, and Messrs. Kelly, Peck and Howard of the Auto Inn force, and the several committees of the association. It is desired also to express the appreciation of the association for the splendid work done by ex-President Claus, chairman of the committee on floor space and concessions, who gave two entire weeks of his time day and night to the show.

"Co-Operation" did it! Co-operation will put over any desired result! You have helped us; we will gladly help you whenever occasion arises.

ANKS and LEGIONAIRES

Forceful Facts Concerning the Interests of Former Soldiers, Sailors and Marines.

The total investment in the United States navy is \$3,082,807, 998.82.

Forty-five German spies, caught in Paris during the World War, were court-martialed and shot.

In Great Britain, of a total staff of 353,442 employed in Government offices, 147,878 are ex-service men.

There are 12 buttons on the trousers of sailors in the American navy. These represent the 13 original states.

German taxpayers have to support one officer for every eight soldiers, or 12,500 in the State's army of 100,000 men.

The cost of maintaining a modern battleship, including pay of crew, ranges from \$1,500,000 to \$1,800,000 a year.

More than \$1,000,000 in cash is being paid every day, including Sunday, directly into hands of ex-service men or dependents.

The first Massachusetts National Guard Air Squadron, organized in Boston, has nearly 100 men, including pilots and mechanics.

There are 598,897 Government insurance policies carried by the American army. The amount totals \$3,465,775,138.96.

General Pershing has the same basic salary that General Grant received—\$13,500. While General Pershing was in France, his allowance amounted to approximately \$4000 or more.

A mosque to be erected in Paris, an institute in commemoration of the Muslim soldiers who were killed in the World War fighting for the Allies. The structure will be a reproduction of the Mosque at Fez.

The United States Veterans Bureau requiring for 1922 expenditures in behalf of the disabled ex-service men, \$510,000,000 which amount is more than the entire expenditure of the whole United States in 1897.

As a result of the World War, France gained 5695 square miles of territory and 580,595 square miles of colonies and dependencies. France, with all her possessions, has a continental United States.

Vigorous attempts are now being made by the officers of the Organized Reserve of the First Corps Area to establish the correspondence course in military training for the personnel of the Officers' Corps and civilians who may volunteer for such courses.

When B. F. Taylor, former soldier of Crystal Springs, Miss., died his Government term insurance was left to the next of kin. Under the new adjustment for the payment of Taylor's \$5000 policy, his stepmother, nine brothers and six sisters will each receive monthly installments of \$1.92.

Sergeant Samuel Joseph, formerly of the 18th Infantry, First Division, now undergoing his 15th operation at a hospital in Lexington, Ky., has had 37 bullets taken from his body. He was wounded 192 times, after serving in the trenches in France 15 months without getting a scratch. Fifteen of the bullets passed entirely through his body.

The Gold Star American Legion, recently organized in St. Paul, Minn., proposed to have as members the fathers, mothers, sisters and brothers of service men who were killed in the World War. The main object of the organization is to start a national movement to place, through an act of Congress, a gold star on the National flag as a memorial to the men who died in the World War.

For the first time in the history foreign war exhibits, showing all the implements of modern warfare, are to be installed in the French Military Museum, the Invalides. The section, to be known as "The Hall of the Allies" will include a permanent exhibit of the United States army. Besides containing a complete collection of the World War, the Invalides has exhibits of all European wars dating back to feudal times.

The Ottoman military and naval forces lost 501,091 men in the World War. The great majority of those who fell at the Dardanelles, where the Turkish losses were far superior to those of the Allies, owing mainly to the greater killing power of the British, Australian and New Zealand soldiers and of the French long service troops, were killed in action. Sickness was responsible for many deaths in Mesopotamia and Palestine.

The Unknown Soldier Post, No. 243 Veterans of Foreign Wars of New York City, is composed of newspaper men, former newspaper men who have taken to writing for pay and individuals who have been adopted by journalists. Its objects are simple—to keep alive the best of warborn comradeship, to help the less fortunate, and to try to remember what the war was all about. All members of this post served in some capacity in France.

A bill, carrying an appropriation of \$1,000,000 for the relief of disabled, unemployed World War veterans was passed unanimously by the New York State Assembly recently. Under provisions of the measure, married men or single men with dependents could receive \$45 a month, and single men without dependents \$30, provided they have been unemployed for 14 days, and their Federal claims have not been settled.

pled. The maximum any veteran may receive is fixed at \$250.

WILL TALK TO LOCAL EX-SERVICE MEN.

Wales Finnegan, manager of the U. S. Veterans' Bureau sub-district office in Springfield, Ill., will be here next Tuesday and at 3 o'clock will talk to ex-service men at the Red Cross office in the public library. Men who desire to learn and facts about vocational education or compensation should see Mr. Finnegan at that time.

Clean Quick Gas Heat
Keeps Down the Coal Bill

You can keep the furnace fire lower, and the entire house at a healthfully cool temperature, if you use a

Welsbach GAS HEATER

to give the necessary extra warmth in the rooms you are occupying.

"Welsbach" heat is radiant heat—wholesome, effective, instantaneous. The heater has the beauty of an open grate fire—glowing and colorful. It is entirely odorless, and gives full heat value for every foot of gas.

The Welsbach Gas Heater costs only two cents an hour to operate.

NEW SCHEDULE NOT TO GO INTO EFFECT MONDAY

Commerce Commission Issues Order Preventing C. P. & St. L. From Making Changes in Passenger Service.

An order issued yesterday by the Illinois Commerce Commission will prevent the Chicago, Peoria & St. Louis railroad from putting into effect the new schedule which was announced would be adopted Monday. The road must now maintain the present schedule until given permission to do otherwise by the commission.

The action of the railroad in removing several of its trains was contrary to the rules of the commission. These rules require that all common carriers shall file any proposed schedule thirty days before it is proposed to make a change in schedule.

The road yesterday made announcement of the fact that it would adopt a new schedule today, reducing the service between this city and Havana and between Springfield and Peoria.

Patrons of the road who live along the local branch line will be pleased to learn that the new schedule is not now to go into effect. This schedule would have made it an impossibility for residents to the north of this city to come here and return to their homes on the same day.

Mrs. E. L. Kendall was a Saturday shopper in Jacksonville from Bluffs.

RECITAL AT THE CONSERVATORY

Miss Josephine Conboy, Soprano, and Frank Collins, Jr., Pianist. Appearance—Large Audience Was Greatly Pleased With Program.

Last evening there was given at Illinois College Conservatory a recital of piano and voice by three advanced students whose work is already favorably known to Jacksonville's music lovers. Miss Josephine Conboy, soprano and Mr. Frank Collins, Jr., pianist were the soloists of the evening, and Miss Esther Duncan acted as accompanist for Miss Conboy. The program was short, but varied, and was enjoyed by an audience of good proportions, who evidenced their high appreciation by much applause.

Mr. Collins opened the program with an interesting March by Dohnanyi, a piece in which the continuous do-si-las of the bass is skillfully treated, the harmonies and modulations so varied as to completely avoid monotony. It was played with clear appreciation of its contrapuntal structure and its virile rhythm. Dohnanyi's compositions deserve more frequent hearing.

Miss Conboy's first offering was the rollicking Waltz Song of Musetta from Puccini's "Boheme," an excellent number for "warming up" which the singer gave with good breath control and phrasing.

The pianist's second appearance brought forward two brilliant numbers, the difficult Scherzo of Brahms and Paderewski's sparkling "Cracovienne." In both of which Mr. Collins shows an improvement in legato and passage work, while his command of heavy octave and chord portions is remarkable.

The second vocal group brought the lovely head tones of the singer into prominence, while there appeared to be a gain in the solidity of her middle register. The Spring Morning of Wilson was one of the most charming of the evening. After the exultant "Sing to Me" of Homer, Miss Conboy was obliged to add an encore in response to the enthusiastic applause.

Mr. Collins' final selection was the brilliant and pianistic Waltz of Saint-Saens, whose unending melody and smooth counterpoint are interestingly evident in this grateful piece. It was played with virility and variety of tone, bringing a long continued hand-clapping from the audience, to which he responded by playing the popular Juba Dance of Dett.

The last four songs given by Miss Conboy showed still further her improved enunciation and increased breadth of tone. The first song revealed possibilities of dramatic development, and in the last two, by Curran, the high notes were taken with ease and power, while the mezzo-voice was most pleasing. She responded once again to insistent applause with an encore.

Miss Duncan's accompaniments, many of which were extremely difficult, were handled with musicianly skill, and her sympathetic support was gratifying.

In a foot note on the program a faculty recital by Miss Ruth Melba Armstrong mezzo-contralto, and Miss Helen Sorrells, violinist, was announced for next Friday evening, April 7th.

Social Events

I. W. C. Alumnae Tea
Saturday Afternoon.
A charming afternoon tea was given yesterday by the members of the Alumnae Association of Illinois Woman's College, at the home of Miss Esther Davis on Webster avenue. The guests at the affair included the resident alumnae and friends of the college and was in every way a delightful event.

The guests were received by the officers of the association which included Miss Eva Warden of Winchester, Miss Esther Davis, Mrs. M. E. Gilbert, and Miss Lois Coultas of Winchester. Those who assisted in entertaining were Mrs. Chester Hemphill, Mrs. W. A. Fay, Mrs. Thomas Hopper, Mrs. H. P. Samuel, Mrs. W. L. Goebel, Mrs. Thomas Buckthorpe, Miss Winnie Wackerle, Miss Agnes Paxton, Miss Pauline McMurphy, Miss Ethel Wylder, Miss Florence Madden and Miss Josephine Ross.

The Davis home was made lovely by the use of many bright spring flowers, brilliantly colored tulips, jonquils, sweet peas, and roses filling the house. In the dining room where afternoon tea was served yellow jonquils and yellow candles made a very effective color scheme. Mrs. F. H. Rowe, Mrs. T. J. Pitzer, Mrs. A. A. Gates, and Mrs. Lillian W. King presided at the tea tables. Miss Josephine Ross was the chairman of the dining room committee. An informal program of reading and music was given during the afternoon and this was in charge of Miss Florence Madden.

Worth While Class Met
With Mrs. Scott Holmes.
The Worth While Class of the Point Sunday school met recently at the home of Mrs. Scott Holmes. On account of weather conditions the attendance was not large.

The devotionals were led by Mrs. John Lazenby.

Roll Call was responded to by Gardening hints. A contest on Bible names was held in which Mrs. Lazenby carried off the honors. During the social hour following the hostess served delicious refreshments.

Celebrates 80th Birthday
Friends and relatives of Mrs. Jane Brainer will be pleased to know that she celebrated her 80th birthday Sunday, March 26th at the home of her son, L. E. Brainer in Memphis, Tenn. Although her health is not as good as it has been, she was able to ride out and enjoy the day very much, having the 85 cards read to her which she received, they were highly appreciated.

Miss Wood Hostess
To Students.
Miss Frances Wood entertained the members of the Junior Class of the Illinois School for the Deaf at a delightful party given last evening at her home on Jordan street. Miss Wood is the class advisor for the Juniors and she had planned a very pleasant evening of April Fool's Day fun for her guests. The hours were gayly spent with games and stunts appropriate to the occasion and much merriment was caused by the little follies which each guest brought as a part of the April Fool fun. There were fifteen guests present and the hostess was assisted in entertaining by Miss Ruth Bailey and Miss Tanner. Attractive refreshments were passed in the course of the evening.

Informal Tea By Societies
At Illinois.
The Sigma Phi Epsilon Society of Illinois College entertained the members of the freshman society, Alpha Eta Pi, at a delightful informal tea yesterday afternoon at the home of Mrs. W. W. Gillham on West State street. This was one of the spring rushing events which the societies on the hill are giving for the freshman girls. Miss Marie Thomas, president of the society was assisted in receiving by Miss Geneva Thomas, chairman of the committee for the tea, and Misses Vivian Yeddel, Margaret Pessel, and LeYonne Shunk.

The Gillham home was gayly arranged with spring flowers and dainty afternoon tea was served in the dining room. Miss Adele Miquistin, the faculty advisor of Alpha Eta Pi, was a special guest and Miss Susanne Mayer, also of the faculty was asked to pour tea.

Rev. and Mrs. Stickney To Entertain Young People.
Reverend and Mrs. George E. Stickney will entertain the members of the Christian Endeavor Society of Congregational church at five o'clock supper this evening at the parsonage. A supper will be served and afterwards the young people will have the opportunity of hearing Dr. Paul L. Corbin, Congregational missionary to China. Dr. Corbin will speak at the morning and evening services of the church today and this meeting is so that the Christian Endeavor members may hear intimately of his life and work in China.

Dr. Corbin is the head of a mission station in Shansi, China and has been engaged in this work for many years. Dr. Corbin will soon return to China to resume his work and Paul Reynolds, who was in Jacksonville a number of times during the war, and who is now in Pekin, will join Dr. Corbin in his work at Shansi upon his return.

Gamma Delta Dance
Last Evening.
The annual dance given by the Gamma Delta Society of Illinois College at the Colonial Inn last night was a most delightful affair.

The Inn was prettily decorated for the occasion with sprig flowers of different kinds and thirty couples made up the list of guests present at the function. Music for the evening was furnished by Dunlap's Orchestra and dancing was enjoyed between the hours of eight and twelve.

Professor and Mrs. R. F. Swift, Dr. and Mrs. Elsworth Black, Jr., and Miss Ruth Armstrong were the chaperones for the affair. The guests were received by the officers of the society including Miss Katherine Parker, the president, Miss Ruby Mann, and Louise Rantz. Miss Velma Day was the hostess of the committee in charge of the dancing and she was assisted by Miss Virginia Spink and Miss Beatrice Gridley.

Little brown leather booklets with the Gamma Delta seal engraved in gold on the outside were the very attractive dance programs. Several favor dances were included in the program and roses, the society flower and clever little bits of April Fool's Day folly were given as favors.

Among the out of town guests here for the affair were Miss Betty Rankin of Champaign; Miss Selma Beans of Vermont; Miss LaVerne Rice of Potomac, Illinois; Miss Doris Schuman of Roodhouse; Miss Mary Anne Gillespie of Cairo; Miss R. E. Rogerson of Shurtleff College, who is a guest of Miss Gladys Knapp; Don Henry of Virden; Harry Look of Springfield; Melvin Burrus of Arenzville; Albert Lafferty of Louisiana, Missouri and Leon Ferreira of Springfield.

Party Given By Miss Smith
At School For Deaf.
Miss Irene Smith entertained the members of the Girls' Club of the high school and their boy friends at a delightful party given last evening in her home at the Illinois School for the Deaf. The party was given in the attractive apartments of Colonel and Mrs. O. C. Smith and the guests numbered about two hundred. The affair was an April Fool's party and clever stunts and various forms of entertainments had been planned by the hostess and her assistants.

All the members of the high school faculty were invited and Miss Eva Rossiter and Miss McClellan, the faculty advisors of the Girls' Club were special guests. Music was furnished during the evening by the high school orchestra and delicious refreshments were served in the course of the affair. Those who assisted Miss Smith in entertaining were Miss Elizabeth Boruff, president of the Girls' Club and Misses Melva Moses, Elberta Whitlock, Tonnette Cully and Josephine Millikan, members of the club's social committee.

Birthday Party for Daughter.
Mrs. J. I. Graham was the hostess at a delightful little birthday party given yesterday afternoon for her daughter, Dorothy Bernice whose twelfth birthday occurred Saturday. A number of the little girl's friends were invited to go to the water in the afternoon and later went to Mrs. Graham's home on South Prairie street where delicious refreshments were served and the children had a delightful social hour. Miss Irma Fox chaperoned the party to the theater.

NEW READY TO WEAR GARMENTS AND MILLINERY ARRIVING DAILY AT HERMAN'S.

DEATHS
Barcroft.
Miss Cassie Barcroft passed away at a local hospital at 3:30 o'clock Saturday afternoon. She had been in failing health for a number of years.

Decedent was the daughter of William and Mary E. Patterson Barcroft and was born in this city October 5, 1862 and her entire life was spent here. She is survived by one sister and one brother, Minnie Barcroft and Gus Barcroft, both of this city.

Miss Barcroft was a member of Centenary church and of Iona Council No. 97 Degree of Pocomantas. So long as her health permitted she took an active interest in the work of these organizations.

The remains were removed to the Gillham Funeral Home and prepared for burial. Funeral services will be held from there at 2:30 o'clock Monday afternoon in charge of the Rev. G. W. Randle, with burial in Jacksonville cemetery.

The Liberty Church Ladies Aid will serve lunch at the Markham road election Tuesday, April 4.

ANNOUNCEMENT
I hereby announce myself a candidate for the Democratic nomination for county superintendent of schools, subject to the will of the voters at the primary April 11.

H. H. VASCONCELLOS.

D. A. R. RUMMAGE SALE
April 6, 7, and 8, at Babb & Gibbs garage.

MYERS BROTHERS.

CHAUTAUQUA DIRECTORS MET SATURDAY NIGHT

Two New Directors Were Chosen to Fill Vacancies—Program Near Completion.

A business meeting of the board of directors of the Chautauqua was held at the Dunlap hotel Saturday evening.

One of the most important pieces of business was the election of two directors to fill vacancies. The new directors are Charles H. Gibbs of Lynnville, and William A. Fay of this city.

The directors took cognizance of the recent death of the president of the board, the Hon. Thomas Worthington. It was unanimously voted that a page in the records of the board be set aside in respect to his memory.

The program committee reported that the program for the 1932 Chautauqua was in the main complete. The dates of the chautauqua this year are August 11 to 20 both inclusive.

The report of the treasurer showed that the total receipts for the 1931 Chautauqua were \$9,937.17. The total expenditures were \$10,494.55, showing a deficit for the year of \$557.38.

RED CROSS MEETING PLANNED AT WAVERLY

Local People to Take Part in Special Program to be Given Next Thursday Evening at Waverly Church.

A Red Cross program is to be given next Tuesday evening at the Waverly Methodist church, beginning at 7:30 o'clock. The meeting will be in charge of the Nursing Activities committee and is similar to other meetings which have been held recently in various parts of the county.

Mrs. Nathalia Scribner, children's librarian at the public library, will have part in the program, as will Mr. Kohlhoff, director of the federal vocational training department at Jacksonville State Hospital. The latter will tell of the work which is now being done for ex-service men at the hospital. Dr. H. C. Woltman, county health physician, will speak on "Contagion and Quarantine." Earl M. Fink will discuss "The Red Cross County Program." Miss Jacobina Riecke, county Red Cross nurse, will present her regular monthly report.

The children of the Waverly schools will also have part in the program. The fourth grade children will give a health playlet, "The House the Children Built," and the sixth grade children will give "An Ode to Posture." The first grade pupils will present "Mother Goose Health Rhymes," and the second grade children "Five Little Pigs."

AUTO OWNERS.
Auto owners who want good roads should not only go the polls themselves for the road elections next Tuesday, but should see that their families and neighbors get to the polls and vote for road commissioners who will maintain the roads in the best possible condition. You pay taxes enough to do so.

If you are not interested enough to go to the polls and elect qualified men, conditions will not be improved, and you will have no right to complain about them. Jacksonville and South Jacksonville people are entitled to vote for road officers in District 7 at the election to be held in Tobin's store on East Fayette Avenue.

Road conditions in Jacksonville will permit every auto to go to the polls. If you are really interested in good roads, go and vote and take your family and friends with you.

SECTION TWO

SOVIET AUTHORITIES ORDER CONFISCATION OF CHURCH JEWELS

Said They Will Be Sold and Proceeds Used to Feed the Famine Sufferers—Our Lady of Kazan the Most Famous of Church Treasures—Is Worth Millions of Dollars

(By The Associated Press)
MOSCOW.—An Aladdin's cave of jewels has been opened by the decision of the Soviet authorities to confiscate some of the treasures of the Russian churches and sell them to feed the famine sufferers.
(The Soviet decree issued February 26 directs the seizure of all precious metals and stones "which would not interfere with the interests of the various cults". It has been announced that the All-Russian Central Committee will determine what articles are absolutely necessary for religious purposes and exempt from requisition.)
Most famous of the church treasures, described by the Moscow newspaper Izvestia, is the bejeweled ikon, "Our Lady of the Kazan," at the Kazan Cathedral in Petrograd. It is a representation of the Virgin done in beaten gold, weighing 10 pounds and decorated with 1,655 larger and 1,432 lesser diamonds, 638 rubies, seven sapphires, 1,400 pearls, and 155 other jewels, and hunched about the neck of the Virgin is a diamond necklace of huge, first water stones.
At Peter Paul's cathedral, also in Petrograd, there is another famous ikon, known as the "Jerusalem Holy Lady," in solid gold. It is about two feet square, and contains 38 carats of large diamonds, 13 carats of middle-sized diamonds and 14 1/4 carats of smaller stones. Altogether, in this church, says the Izvestia, there are 24 almost equally valuable ikons.
To St. Isaac's Cathedral, Petrograd, were presented on the day it was opened, a total of 215 articles containing 81 pounds of gold and 4,788 pounds of silver and later a shrine was built of solid gold weighing 468 pounds. St. Isaac's also has one ikon, 21 inches wide by 28 inches high, done in gold overlay and bearing a wreath in large diamonds. There are a dozen other ikons of tremendous value at St. Isaac's alone.
While these big Petrograd cathedrals, which were long favored by royalty, probably contain the most valuable treasures of the Greek Orthodox church in Russia, nearly every one of the

ikons, however, might impress the Western world as more than artistic.
With a few scattered exceptions, wherein some looting of churches may have occurred during the early days of the revolution, church treasures have been practically intact.
Patriarch Tikhon, the head of the Russian church, is understood to contend that, since the church and the state have been separated the title to the treasures rests in the hands of the parishoners of each church and that, therefore it is for each parish to decide what treasures it wishes to surrender for the famine sufferers.
He advises charity in this respect, but it is believed in Moscow that the church, as a whole, will strenuously oppose general confiscation, while willing to surrender those objects which it does not consider particularly holy or of essential use in sacramental observances.

APPLE BLOTCH IS DESTRUCTIVE DISEASE

Infects Orchards in Many Sections of State—Was Confined for While in Southern Illinois.

(By The Associated Press.)—Recommendations for the control of apple blotch, the most destructive fungus disease of apple orchards in many sections of the state, were given by the pomology department of the University of Illinois recently. Although confined for awhile to Southern Illinois, this disease later disclosed its presence in certain places in central and western Illinois.
"The first step to take in the control of apple blotch is to remove water sprouts, as they are very susceptible to blotch infection," says the statement. "Following this the tops of the trees should be well pruned so as to permit thorough spraying."
"High pressure, from 225 to 250 pounds, should be used, driving the spray thru disc nozzles with small openings. Discs should be replaced whenever the openings wear too large to give the best mist spray."
"Trees should be sprayed thoroughly but not drenched and care should be taken to apply the spray to the new wood as well as to the fruit. The interior and under parts of the trees should be well sprayed."
"Sprays should be applied on time, not on certain dates, but with reference to the time to the fall of the petals."
"The following schedule is recommended for blotch-infected orchards:
"First application.—The first and most important spray for apple blotch is that applied as near to three weeks after the fall of the petals as possible. Lime sulfur arsenate of lead should be used at the rate of 2 1/2 gallons of lime sulfur and 2 pounds of powdered or 4 pounds of paste arsenate of lead in 100 gallons of water.
"Second application.—A second and important application of lime sulfur arsenate of lead should be applied two weeks later or five weeks after the fall of the petals.
"If apple blotch is to be controlled by spraying, the fruit must be protected during the period from four to six weeks after the fall of the petals, because this is the time of greatest infection. Application made three and five weeks after the fall of the petals will accomplish this protection, provided heavy rains do not occur. In the event of heavy rains following such applications, it will be necessary to apply extra sprays of lime sulfur. Bordeaux is more adhesive than a lime sulfur but the danger from russet on Ben Davis at these periods during the wet weather, makes the use of lime sulfur more desirable."

SWIFT & CO. PRODUCE MARKET REVIEW

Due to unfavorable and backward weather conditions, the seasonal yield of eggs is later than normally. It is about two weeks later than last year.
Markets are easy to lower, and it is expected normal weather conditions will materially increase production.
The marketing of live poultry is quite free for this season of the year and lower values are ruling on dressed poultry. The outlook on values of live shipments is uncertain.
Production of butter is showing a slight increase, resulting in somewhat lower values, a condition to be expected at this season of the year.
The demand continues good for the better grades of butter. The importance of the proper care and prompt delivery of cream is illustrated by the fact that undergrade butter on the principal markets is selling four or five cents below top grades.
—Swift & Co., Chicago.

FUNERAL NOTICES

The funeral of Mrs. Mary A. Giann will be held Sunday afternoon at 2 o'clock at the residence, 920 South Main street. The services will be in charge of Reverend G. W. Randle. Interment will be in East cemetery.
Funeral services in memory of Mrs. Sarah Harrison will be held Sunday afternoon at three o'clock at Hebron M. E. church. Reverend G. G. Wetzel will officiate and interment will be in Hebron cemetery.
Mrs. Albert Hayes of Murrayville spent Saturday in the city visiting with friends.

Babson Names Safest Investment

Statistician Cites Mexico as Illustration of Principle.

It is evident from the newspaper dispatches that attempts are again being made to stir up trouble in Mexico. First we hear that Obregon is very ill and then that Eschbar Canali is planning an uprising. Recently in New Orleans men who had seen Obregon within a few days. Mr. Babson outlines the situation as follows:
"It is true that Obregon still has trouble with the stump of his arm which he lost during the Revolution. He has even considered going to the Mayo Brothers Hospital at Rochester, Minnesota, where some of his associates have been to see what can be done for it. Otherwise Obregon is in fair physical condition and as I am preparing this statement he is on a trip of inspection at Vera Cruz."
"Esteban Cantu is trying to consolidate the different factions opposing Obregon, including Carranza, who is believed in New Orleans. San Antonio, and El Paso that Cantu is the only leader, with the exception of Villareal, who can cause Obregon any serious trouble. Cantu was the governor of lower California under the Carranza administration. He carried on a very independent government and his main objection to Obregon is that the latter insisted that he Cantu obey the laws of Mexico. Of course the Oil situation is a great factor in Mexican politics. Obregon is between the Devil and the deep blue sea. If he conforms with the wishes of the United States, he gets into trouble with his own people. He certainly cannot satisfy his own people without getting into trouble with the United States."
"The situation is still further complicated by the British interests and desires. There have been times when Obregon and our State Department almost came to terms but something has happened in New Orleans that tells me this 'something' is British interests who are operating in competition with the American Oil companies. At any rate at best it is a three-cornered fight and even if his intentions were the best Obregon would have a hard time to pacify all three interests. One thing, however, is evident, namely that Obregon is doing as well as anyone could do. Certainly today he deserves the support of peace-loving people. It is surprising the great improvement that has taken place in Mexico during the past two years. Transportation is rapidly being restored, one can travel now in comparative safety and last month even the passport restrictions were removed."
"Of course there is no gainsaying the fact that Mexico's wealth of oil is largely responsible for her unhappiness. Certainly it was oil that started the conflagration. On the other hand we cannot travel in Mexico without being impressed by the wretched social conditions there existing. With a population of 16,000,000 there are a few rich people, while the remaining 99 per cent of the population are handicapped by ignorance, filth and superstition. It is truly pitiful to see these poor people enslaved first for labor and then for religion. They know nothing about and being led by promises appealing only to their lowest instincts.
"Truly the Creator has given Mexico a great wealth of natural resources; but the great mass of her people are at present in a very hopeless condition, inferior from every point of view."
"A study of Mexico is additional evidence that a Nation to be prosperous must be founded on religion and education and that one is useless without the other. There may be honest doubts in the minds of many as to whether the people of Mexico have either of these fundamentals. Granting, however, that her people have a primitive form of religion given them by the Priests who are so numerous in Mexico; the fact nevertheless remains that the people themselves are living in ignorance. Cathedrals, churches, and the ringing bells cannot help having some good influence; but religion teaches the purpose of life only in a developing of superstition unless this religious teaching is combined with worthwhile education. An unlearned man may with religion become a great power for good, but he does so not by remaining in ignorance and filth. Religion that is worthwhile shows itself in developing industry, cleanliness and a desire for knowledge.
"Yet, knowledge itself without religion is a dangerous thing. This was forcibly illustrated in the case of Germany, and is evident today when one studies some of the younger Mexican leaders. Disappointed with the attitude of the established church in Mexico, they have thrown aside all religion and are interested in churches. Many of these young Mexicans are professed atheists. They are keen on philosophies, economics, sociology and the like, but have no regard for religion of any form. They reject all kinds, true and false. Education supplies the tools with which people may work; but religion determines the purpose for which these tools shall be used. Natural resources or political power in the hands of men not actuated by sane religious principles makes a very dangerous situation. Lack of real religion in Germany was the cause

TELLS BEST TIME TO CULTIVATE CORN

R. W. Stark Says It is Before it is Put in the Ground.

URBANA, Ill.—"The best time to cultivate corn is before it is planted," R. W. Stark of the crop production department of the University of Illinois, said in referring to the proper procedure in preparing the seedbed for corn.
He said the essential conditions for a good seed bed for corn include:
"A fairly compact yet sufficiently deep and loose soil to permit the free and vigorous development of the corn root system throughout the entire surface soil. There should be no hard clod waste areas.
"All crop residues including weeds and corn stalks well turned under.
"Good contact between the furrow slice and the subsoil which will permit moisture to pass up from below.
"Absolute freedom from weeds.
"It makes no difference," he continued, "how these conditions are obtained so long as the methods employed are as economical of time and labor as is possible."
"A method which may be very generally applied is as follows: For preparation in the spring, stalks and other trash and to form a layer of pulverized soil which double disc the land to cut up corn will be turned under next to the bottom of the furrow. Then plow. The depth will depend upon the season of the year and the character of the soil. Fall plowing may well be deeper than spring plowing and heavy soils need to be broken deeper than light soils. In general, 5 to 7 or 8 inches is a satisfactory depth. Immediately after plowing if this is done in the spring, and before the soil becomes dry, pack the soil and pulverize the surface with the harrow or drag. Later double disc and harrow again. Should planting be delayed by heavy rains after the land is prepared, it will be necessary to double disc and harrow again. Make sure at this time to destroy all weeds which have started.
"Never work the ground when wet. If this is done, there will be clods to roll all summer."
Miss Fernie Crabtree spent the day in Jacksonville visiting with friends.
Mrs. A. C. Bolie of this city is spending a few days in Concord visiting at the home of her mother, Mrs. Ator.

RIGHT SOLUTION OF DEMOCRACY TO COME THRU PUBLIC SCHOOLS

This is in Accordance With a Plan for Better Developed Character Training In the Public Schools—The Men Who Prepared It Received a Prize of \$20,000

(By The Associated Press)
WASHINGTON, April 1.—The right solution of the problem of democracy "can only come thru the school" according to a plan for a "better developed character training in the public schools" for which a prize of \$20,000 has been awarded under the auspices of the Character Education Institution. The winning plan was prepared by the following research committee in Iowa: Prof. D. Starbuck of Iowa State University, chairman; H. E. Blackmar, superintendent of public schools, Ottumwa; C. P. Colgrove, president of Upper Iowa University, Fayette; Prof. F. D. Cam and Prof. A. C. Fuller of Teachers College, Cedar Falls; Prof. E. Horn of Iowa State University; F. H. Huskell, former superintendent of schools at Waterloo; Prof. Herbert Martin of Drake University, Des Moines; Prof. J. D. Stoops of Grinnell College, Grinnell.
The competition was conducted between committees of nine appointed by a committee of selection which in turn was appointed by the executive committee of the institution. The chairman of the winning committee receives \$4,000; each of the other eight collaborators, \$2,000.
The winning plan proposes ways and means designed to obtain greater moral results from the regular studies rather than a moral program to be added to the curriculum.
"The right organization of the school can alone go far toward solving the character training problems," says the plan. "To feel the collective judgment of one's peers in the heart of moral impulse," it continues, "is a case where school discipline was exercised by the group will rather than through the mere authority of the teacher. A medium of student participation (in school government) is a saving grace if it assures a feeling of membership in the school community and sets free pent up powers that are waiting an avenue of expression. The problems undertaken by student government should be man's size."
One chapter presents three rating scales for measuring improvement in characters.
The Character Education Institution has just been reincorporated. According to its certificate of incorporation it aims to include maintenance of itself as an endowed national institution with a special faculty for the development of character education of children and youth under the control and leadership of professional educators.
The membership is limited to the chairman of the institution, the chief executive officers of education of the several states, the United States Commissioner of Education, a member of the staff of the Federal Bureau of Education. (Continued on page twelve.)

Dress Goods of Quality

The World's Lowest Priced FULLY EQUIPPED Automobile

\$525

f.o.b. Flint, Mich.

Price subject to change without notice

Quality Product—Quantity Price

Chevrolet is the chief quantity product of the world's largest producer of quality automobiles.

Only great engineering, research, manufacturing and financing capacity make possible so fine and complete an automobile for so small a price.

Chevrolet now leads all standard fully equipped cars in volume of sales, proving that it makes good in service and represents today's greatest motoring value.

See it. Compare it. Ask for Demonstration.

Cost Least Per Mile and Per Year

Chevrolet costs least per mile in consumption of gasoline, oil and tires. It costs least per year because of small price and lowest repair bills.

It delivers the most economical transportation available in motoring, yet a construction and appearance it is a credit to its builders and its owners. It has standard 3-speed transmission.

Before buying any car at any price it will pay you to investigate Chevrolet.

PARKS A COMMUNITY ASSET

(By A. C. Metcalf, Member of Park Board)

In the days of our fathers there was never a lack of the open field, the forest or the small streams and lakes, where the grown up as well as the children could al-

ways go and feel free to use and enjoy as the occasion might require—no one to put up "No trespass" or "Keep out" signs. With the gradual settling of the

prairies, the clearing off of the timber, the pollution of the streams resulting from the rapid growth of the villages into cities, this opportunity for a free place of recreation ceased to exist.

The majority of these cities pinned their faith to the increase in the number of factories, the extension of water and sewer privileges and the paving of the streets. This was the ultimate goal. No consideration was given to the care of the idle hours of the hundreds of thousands of workers. It is true that a few ambitious souls will employ their free time in an effort to better their condition, but even to these the need of healthy recreation is just as necessary—so that the community if it had men and women of vision, soon discovered that places must be provided to meet this need. This in brief might be called the general history of the Park and Playground idea.

Problem Must Be Met.

As with the city, so with the state and nation—the growth and development of the great national parks, together with the imperative need today for the prompt extension of these natural playgrounds, is one of the problems that our people must meet and settle wisely. We are not thinking of 1922 at this time but of 1927 and of 2022, when it will be too late to do aught but regret, if national parks are inadequate.

We should also remember that the planning of these national parks only a small per cent of the people will enjoy them; because of the location—no matter how extensive—they will be out of reach of the average wage earner or the small salaried man with a family. Therefore we must look to the small parks or playgrounds in the average city—for it is here that the vast majority of our people must find opportunity for rest and play.

This brings us to the thought of Parks and Playgrounds as a community asset to Jacksonville.

First, as a place for the people of the community to use and enjoy, and second, as a place for the many tourists to stop and rest a while.

Fine Camping Site.

This latter I shall discuss first, for it is one of the best and least expensive ways I know of to advertise our fair city. Jacksonville possesses now one of the best free camping sites of any city in Illinois; our Nichols Park is unusually adapted for this purpose; the comment of the campers as they leave is invariably that of grateful appreciation. With a small expenditure of money additional comforts can be provided that will attract many others to our city. Additional five-places are now planned, but besides this a shelter house should be built; additional lights are needed and pure water should be made available. Whenever a party of campers stop here, money will be paid to our merchants, and our colleges and institutions will become better known.

In my travels by auto I have met and talked with many tourists and their impressions of a community are derived chiefly from the treatment accorded them at the public camping grounds. No matter how beautiful the homes or streets are, or how prosperous the business houses may appear, this is lost in the ordinary comforts and courtesies are lacking. This is not idle thought but from my own personal experience and observation.

Parks a Community Asset.

Let us now consider our parks as a community asset to the people of Jacksonville as a whole. We are rich in our undeveloped resources—you will pardon me if I now indulge in a dream, a part of which is inspired by my conversation with men and women of vision, and part is of my own creation.

My work having taken me away from Jacksonville for five years, I returned in the late spring of '21, arriving early on June 10 over the famous Wabash; as I passed thru he same old building and came out on the south side I was astonished to see a beautiful well kept plot of ground in what was the old Wabash park; it had attractive low growing shrubbery, a beautiful carpet of grass, comfortable seats, and a drinking fountain in the center. I asked the taxi driver how this happened and he told me that I had better take a day off and look around the town and see the growth and development of the parks, and as if to make it more impressive, he added: "Whatever you do, don't miss the playgrounds—they are the best ever."

So after breakfast I called on the mayor's office and asked him to name a man who could tell me all about these changes. "You talk to the general supervisor of the Parks and Playgrounds, Mr. Blake," I did as directed and was soon in touch with Mr. Blake, who said, "You are just in time; I am starting on my rounds now and will be glad to take you with me."

Recalls Impressions.

It would take too long to re- create conversation, so I will merely recall my impressions. I had noticed in the railroad station and in the hotel a large number of inviting visitors in the city to spend part of their leisure time in the parks; this was followed by a brief description of the parks and by directions as to the best way of reaching them. This seemed to me a splendid thing to do—it made the stranger feel more welcome and cost but little for the printing of the signs.

I went into the first ward and there found three playgrounds in full operation, each with a competent supervisor. I learned that all of the organizations of the city had united on playground work and were co-operating with the park commissioners to help care for the idle time. I also noticed along the railroad right of way

that a great change had taken place and instead of rubbish of various kinds, flowering shrubs were growing, the early species being in bloom. The comment of every one coming into Jacksonville was its beauty. As we went into the second ward I found two large playgrounds in addition to Duncan Park. These also were carefully supervised. In the fourth ward three playgrounds were fittingly located, but I was especially pleased to see a little park playground on the south part of the spacious Strawn Art Association grounds.

Brook Made Into Driveway. I recalled the old brook which had been a continual eyesore, but when I came near where it should have been I could not find it; instead I found a beautiful boulevard driveway extending from Lincoln Avenue to Hardin Avenue, 100 feet in width. The old brook had been dredged out, rubbish removed, and then concreted, forming an immense tunnel apply large enough to carry all the storm water from the heaviest rains. Along the center of this drive were well arranged low growing shrubs, as well as close elipped grass. At its east end was a beautiful little park playground extending to the C. & A. R. R., thus using all the vacant lots that were formerly used for pasture. This property was given to the city by the owner who was a firm believer in wholesome play for the children, as well as adults.

I found the third ward fairly well equipped with playgrounds, but because of its nearness to Mauvasterre Park and Nichols Park the need was not met. I now approached Mauvasterre Park with eager anticipation, as it was here that the old park board had made such careful plans for a natural development rather than that of a formal park. The drive from Morton Avenue was paved all the way to the big park; as we came to Superior Avenue and started toward the new park, I saw street car tracks, and was told that during the past season the street car company made regular trips, coming north from Nichols Park to Mauvasterre Park and then west to the main line at South Main street—sometimes reversing the schedule if a big celebration was on at Mauvasterre Park. At the C. & A. subway I had the choice of two drives—one going directly east and one going south toward the new open air theater. I decided on the east drive first, because I was interested to learn how many problems had been solved.

A Beautiful Spot. The old power house was gone, not a trace remained, and in its place was a beautiful green carpet of grass, while in the old creek bed was a most interesting variety of aquatic plants. East of the new power station and extending across the creek as well as south to the dam were clumps of small trees and bushes well arranged and giving promise of exceptional beauty in the future.

I crossed the old creek on a fine cinder drive, and came to a bridge over the spillway of the dam—here was a delight to the eye, and here also was strength as well as beauty. The driveway itself was of grass, while in the old creek bed was a most interesting variety of aquatic plants. East of the new power station and extending across the creek as well as south to the dam were clumps of small trees and bushes well arranged and giving promise of exceptional beauty in the future.

I crossed the old creek on a fine cinder drive, and came to a bridge over the spillway of the dam—here was a delight to the eye, and here also was strength as well as beauty. The driveway itself was of grass, while in the old creek bed was a most interesting variety of aquatic plants. East of the new power station and extending across the creek as well as south to the dam were clumps of small trees and bushes well arranged and giving promise of exceptional beauty in the future.

My guide then called my attention to an arboretum that had been started north of the bridge, in a secluded corner of the park where as far as possible specimen trees and shrubs that are native to this latitude and locality had been planted in this arboretum each specimen tree, shrub and flower had a marker giving both the common and scientific name. This scheme has proved to be quite popular and has been of great educational value. What a place for our school children to study botany.

A Vision of Victory Drive. As I was about to go further I noticed two stately brick pillars and read here the names of Morgan County boys who had given their lives in the late war. Here began the memorial drive planned by the Service Star Legion—such a drive! If the landscape gardener could only see this now as it winds its way through a magnificent forest, until turning east it is sheltered and guarded by hundreds of memorial elms in groups and singly, these trees already growing lustily and giving promise of the mighty giants of the next generation.

I had already noticed among the bushes a number of small low buildings at the water's edge, and was told that these were boat-houses built by individuals according to plans prepared by the landscape architect; thus I could see how the natural beauty of the lake would never be marred by unsightly bathhouses.

Attractive Summer Homes. As I crossed a big fill in the lake I came upon a number of attractive summer homes adjoining the city land on the north, the same character of planting being done by the owners as was in the park. I noticed many different species of native trees and all the common nut trees such as shagbark, hickory, butternut, pecan, paw paw, and hazel brush—these in addition to the native oaks, maples, thorns; and then the native wild flowers all thriving and giving promise of the good things in the future. By this time we had reached the

ANTI-SALOON LEAGUE HEAD ANSWERS EARL SEARCY TELLING REASONS WHY LEAGUE IS OPPOSING HIS ELECTION

F. Scott McBride, state superintendent of the Anti-Saloon League, has issued an answer to the statement of Earl B. Searcy relative to the right for the Republican nomination for state senator from this district. He charges Searcy with juggling the truth. His statement follows:

"It hardly seems necessary to take up more space in the issue to discuss the question as to whether or not Earl B. Searcy is entitled to the endorsement of the Anti-Saloon League in his candidacy against John A. Wheeler. Searcy's article is enough to decide that issue if one knows the facts. He states in it that he opposes our program in part and also that John A. Wheeler was a dry leader. This, together with his general attitude, is enough to settle this question. He tries to make the question involved a personal one between himself and myself. This, he knows, is side-stepping the issue. Personally we do not count in this matter. It is the issue that counts. Why should I care personally one way or the other as to Searcy or any other candidate? No league superintendent can use the league in any personal way. We have often given the support of the league to the men we least cared for personally. The chief trouble with Searcy's denial is that the things he says in it are not true. Let us analyze them.

First, he says that I tried to get him to change from the senate to the house a few weeks ago in an interview with him in the Leland hotel.

"That is absolutely a false statement and, if my memory is good, he knows it is false. I never even suggested such a thing. If he is to be in either house or senate he probably will do less harm in the senate, where we have more strength. He called me on the phone and asked for an interview. He came to my room. I talked over the program with him. I told him when we would decide our endorsements. This also shows that his second statement contained in his article is as well false. He only was given the league's tentative program in that interview, but heard it presented in a meeting that he attended the day before.

"Second, he says that he has no fault to find with the Anti-Saloon League, but that his fight is with McBride.

"Well, the endorsement is one made by the Anti-Saloon League. The executive committee chosen by the state board makes all endorsements. That should settle the question as to who should be endorsed. If he is a friend of the league he should be informed of the league's endorsements.

"Third, he says he is opposed to the commissioner bill because Wheeler and I were seeking that job.

"This was wet propaganda. He knows it was. Wheeler could not have served under the state constitution on account of being a senator. I could not have served on account of the position I now hold and, of course, would not resign the one for the other. The superintendent of the Anti-Saloon League of Illinois is a big enough job for anyone to hold.

"He charges this bill with being a factional measure. That again is wet propaganda. The wetts made such charges to defeat the dry measures. When he came to my room in the Leland hotel I ex-

And the Comfort It Brings, Too

Life insurance offers the ONE financial plan whereby a man or woman may lay out a program that will not be affected by death and where the future may be made safe for the loved ones, for creditors, and for old age.

Life insurance will enable you to plan a definite course, to put a big program into effect immediately. With this financial program in effect, the casualties of life will not destroy your plans, but will mature them.

And remember, too, it is a working plan. If death or other causes make changes in your program, the insurance, once in force, can be changed to meet the new conditions. There is always a use for every form of life insurance.

It is for these reasons that far-seeing men and women are using life insurance today as the basis of their life's financial program.

Our years of experience as life insurance men in this community are at your service without obligating you in any way.

FARM BUREAU NOTES

The executive committee of the Morgan County Farm Bureau met at the farm bureau office with Messrs. Charles S. Black, L. A. Reed, H. E. Kitcher, J. R. Arnold, T. R. Cain, C. R. Gibson and W. J. Crum in attendance. L. J. Stewart and F. L. Green were also present. Dr. A. C. Bolle was present at the request of the Farm Advisor and made a brief talk on the necessity of vaccinating young pigs before they are weaned. He thinks they ought to be vaccinated when the youngest pigs are about six weeks old. This will be real economy for the farmer for it will require less serum. Dr. Bolle believes in injecting serum directly into the intestinal cavity when vaccinating young pigs. He further believes in clear serum rather than blood serum. He told the executive committee that he had found three cases of hog cholera the past week. The executive committee asked some questions concerning the price charged by veterinarians for vaccinating hogs. The members of the veterinarians association expect to get 25 per cent more than the serum cost to cover loss and breakage and charge 10 cents per head for administering the same.

Bills for the month amounting to \$765.56 were paid, and a draft for \$4,288 sent to the I. A. A. for membership dues collected for that organization.

A report on the East Morgan street lot was read and after an informal discussion it was decided to notify the Breeders association that the Farm Bureau could not at present handle the lot as a business proposition.

The executive committee endorsed the candidacy of Dr. John A. Wheeler and Hon. B. L. Barber for reelection on the strength of their record for farm legislation. They also endorsed the resolutions of the Greene County Farm Bureau for W. S. Corsa altho he is not in this district.

The farm adviser reported the following statistical summary for the month:

Farm visits, 9.
Office consultations, 283.
Personal letters, 139.
Meetings, 10.
Total attendance, 712.
Circulars, 15.
Total copies, 5,607.
Newspaper items, 13.
No record of telephone consultation.
Value of seed ordered during the month, \$416.80.
Value of seed sold, all of clover, some soy beans.

The films "Out of the Shadows," and "Lars and Larsen," will be shown in Morgan County the week of April 22 to 29. The first showing of the films will be in the Farm Bureau office the evening of April 23. An effort will be made to have Dr. J. J. Litch, inspector in charge of tuberculosis eradication, speak at the meeting. This is an event that will be of especial interest to dairymen and breeders of livestock.

There is a fine set of blue prints of large hog barns, individual hog barns, and self feeders now on display at the Farm Bureau offices. The plans have been prepared by the students in the Farm Mechanics department of the College of Agriculture of the University of Illinois and are complete in every detail. County Agent George B. Kendall expects to loan them to Farm Bureau members who expect to build barns or buildings of this type.

Skip 3 names of machine men and give all your 3 votes to Isidore Levin for State Representative, Republican primary, April 11. Levin is the man grafter fear. Frisch, Rogers and Moore are afraid to debate him. (adv.)

WITHDRAW NAMES

Saturday W. E. Boston and A. L. Taylor who received the nomination for alderman in their respective wards filed the formal withdrawal with city clerk J. E. Scott.

At the primary Mr. Boston was nominated by the democrats in the Third Ward and Mr. Taylor received the nomination from the democratic party in the Fourth Ward.

Neither was a candidate for office, their names being written in on the ballot. As they did not feel like making the race and if elected give the time necessary to the office, they filed their withdrawals.

Hear Isidore Levin at court house Wed. April 5. Suppressed facts exposed. Women also invited. Moore, Frisch and Rogers are invited to share platform. (adv.)

Conservatory Notes

A joint recital will be given this (Saturday) evening in Recital Hall by Miss Josephine Conboy, soprano, and Frank Collins Jr., pianist, at 8:15 o'clock. The public is invited.

A faculty recital will be given on Friday evening, April 7th, in Recital Hall, by Miss Ruth Melba Armstrong, contralto, and Miss Helene B. Norrells, violinist, assisted by Miss Esther Duncan and Mr. Kitcher, accompanists. The public is cordially invited to attend.

The Easter recess extends this year from Wednesday morning April 12th to Thursday morning April 20th.

Miss Gertrude Curtis played violin solos, accompanied by Miss Mildred Fredlin, at a missionary meeting of the Ebenezer church last Thursday afternoon March 30th, and at a meeting of the Chamber of Commerce the same evening.

Miss Josephine Conboy sang at the missionary meeting and Miss Blanche E. Tripp sang at the meeting of the Chamber of Commerce, also accompanied by Miss Mildred Fredlin.

A number of students of the conservatory played in the orchestra at the high school senior play last Friday, March 31st. Harland Moses conducts the orchestra. Several conservatory students took part in the play also.

Miss Ruth Bradley accompanied Mrs. Thomas Harber at a meeting of the D. A. R. last Tuesday afternoon, March 28th.

At the students' recital given Friday afternoon, March 31st, in Recital Hall, the following program was performed:

Swing Me Higher (piano)..... Rogers
The Rooster..... Maxim
Esther Chippchase.....
Robin's Lullaby (piano).....
Dorothy Correa.....
Souvenir (violin)..... Drida
Jeanette Conboy.....

MISS ANDERSON TO ATTEND MEETING

Miss Mary Anderson of the faculty of Illinois Woman's College will leave Tuesday for Kansas City, Missouri where she will attend the annual convention of the American Association of University Women. Miss Anderson will go as a representative of the college and will be present at all the sessions which will be held

Wednesday, Thursday and Friday of this week.

The Jacksonville Chapter of the American Association of University Women has been recently organized and there is now a paid up membership of about sixty women in and around Jacksonville. There are about one hundred women in this district who are eligible to membership in the association and when the organization is completed the local

chapter will be an active force in the community.

It is planned to send a delegate to represent the local chapter at the Kansas City convention. This time the Jacksonville organization will be recognized and will become affiliated as a branch of the national association.

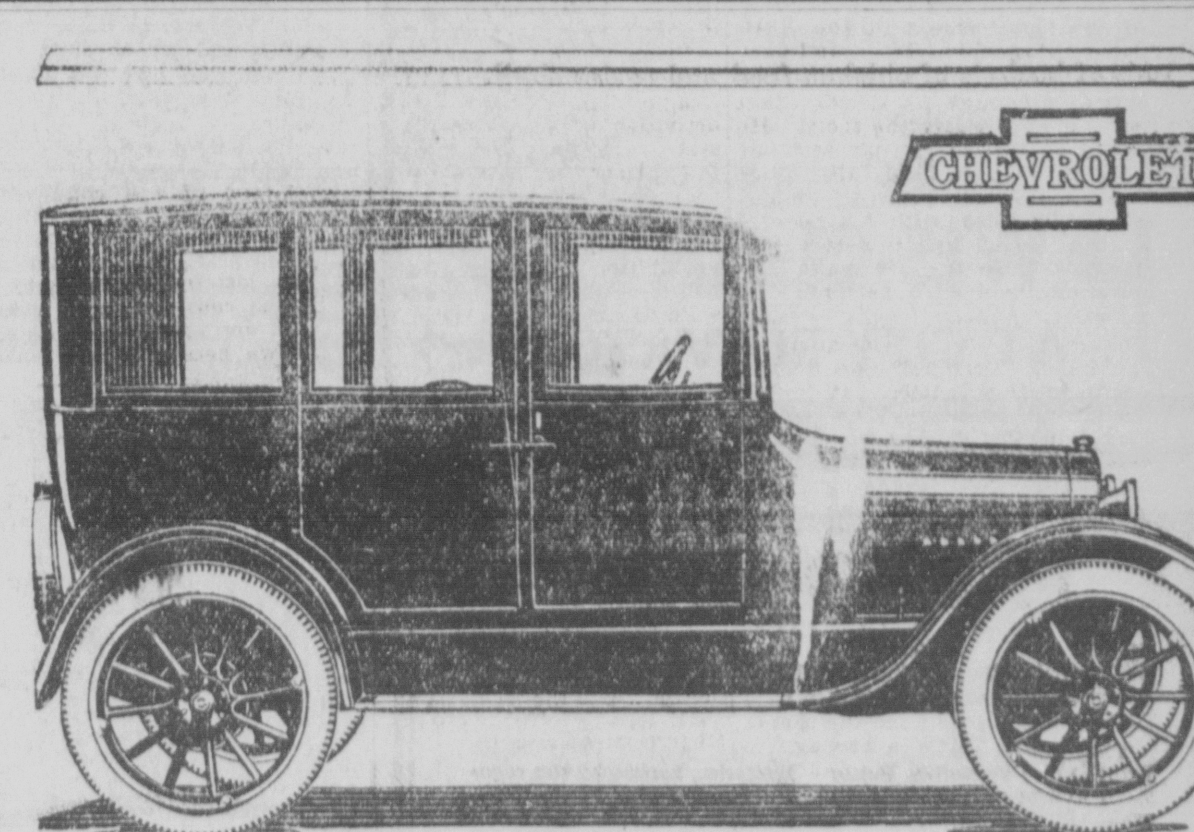

NOTICE.
The Ladies of the Litcher M. E. Aid society will serve lunch at Arcadia road election April 4th.

The Sensation of the Shows

This car, with high grade Fisher Body on the celebrated New Superior Model Chevrolet chassis, is the most sensational value ever offered in motoring.

Its artistic lines, harmonious two color finish, refined appointments and mechanical efficiency make it the most desirable car for all who seek year 'round service combined with small investment and economical operation.

Illustrations and description convey but a poor idea of this 1922 leader in values and desirability. You must see it to realize what a wonderful buy it is at \$875, F. O. B. Flint, Mich.

Your Family's Private Car

This beautiful, four-door sedan offers the privacy and luxury of a limousine at less than the cost of most open cars.

All that has kept the majority of motorists from owning closed cars has been the high prices heretofore charged for this type of automobile. The closed car defies snow, rain and cold, yet is cool and clean in summer. At all times it has more style and quality than an open car. It is the ideal family car.

No matter what priced car you own or are considering, it will pay you to inspect this pace-maker in values.

PREST-O-PLATES Mean Plenty of "Pep"

They are the backbone of Prest-O-Lite Batteries. Better than ordinary plates, they make Prest-O-Lite Batteries better than ordinary batteries. Prest-O-Plates combine a peculiar porosity with an unusual hardness, which explains their quick delivery of power in cold weather, and great, heat-resisting, non-buckling strength in summer. We have Prest-O-Lite Batteries as low as \$19.90 (trade in price) for popular makes of light cars, and other types at correspondingly low prices. These are not special models, but regular Prest-O-Lite Batteries, backed by the regular Prest-O-Lite guaranty: a definite, generous obligation, plus a spirit that says the car owner must be pleased. Prest-O-Lite Batteries are specified by 87 leading manufacturers, and this list is growing. How is your battery working? Is its pulse low? Come around and consult our specialists. We prolong the life of all batteries, and we never tell you that you need a new battery until you do. Drive around, and get our friendly expert advice.

DR. J. O. APPLEBEE'S MOTHER DEAD

Dr. J. O. Applebee has received word of the death of his mother, Mrs. Katherine Applebee who passed away Thursday in San Diego, California, at the home of her daughter, Mrs. Myrtle McKee. Mrs. Applebee is well known in Jacksonville having made her home in this city with Dr. and Mrs. J. O. Applebee on West Lafayette avenue until a year ago. Mrs. Applebee was the widow of a Methodist minister and during the four years that she made her home in Jacksonville she was an active member of Grace M. E. church. Reverend Applebee was an active Methodist minister for forty years and was well known in church circles. Mrs. Applebee was the oldest member of Grace church, as she was 84 years old at the time of her death.

The remains will be brought to Canton, Illinois the last of the week for interment. Mrs. Applebee is survived by two daughters, Mrs. Mary Spencer of San Luis Obispo, California, and Mrs. Myrtle McKee, of San Diego, and one son, Dr. J. O. Applebee of Jacksonville is a grandson of the deceased.

ROAD DISTRICT 7.
Residents of Jacksonville and South Jacksonville are entitled to vote for road commissioner of Road District 7, at the election to be held next Tuesday at Tobin's store on East Lafayette Avenue.

The commissioner elected will have charge of the roads near Jacksonville, except the state aid roads which the County Commissioners will maintain.

Citizens who use these roads have no right to complain of their condition, if they are not interested enough in them to go to the polls and try to elect a commissioner who has the ability to maintain these roads in good condition.

If the people of Jacksonville and South Jacksonville who have complained of the conditions of these roads, will go to the polls Tuesday and vote with discretion, they will probably have less cause for complaint in the future. The candidates are all local men and their qualifications may be easily ascertained by inquiry.

LEAVE ROUTE UNCHANGED

Editor of the Journal:—
Mr. Land Owner in Friday's edition had an article in answer to the letter of Thursday's edition in which he took exception to the proposed route of State Bond Issue Road (Route No. 3) being left unchanged. He said that the objections to the change would not hold water when exposed to the light of day. I believe a reply is due the citizens and taxpayers west of Woodson.

In answer to his article number one, I beg to say that the west route is direct and don't have to be run thru anyone's field and is a route that has been traveled and packed down, which would not settle like a new road which would be liable to damage the pavement, and furthermore it has been the St. Louis trail.

As to Article No. 2 (matter of distance.) I don't see how a person can travel half mile to one side of a given line and get back parallel to that line again without it being a longer distance. Let alone being a quarter to a half mile shorter as he stated, ascertained by actual measurement. What was it measured with?

As to Article No. 3 (matter of cost.) I don't see where this half mile of construction is saved whereas I can see there is about a mile added on. As to bridges there are two or three to be built and a few culverts which would not cost very much. As to the heavy fills and no dirt to make them, they are not any deeper or near as deep as the fill that would be necessary at the Henry Curve and as far as no dirt to make them I think there is as much as there is at the curve. Furthermore the farmers west of Woodson and many of the murrayville citizens have promised to donate enough work to make these fills. As to the corners, don't forget that there are four of five sharp ones in the route through Woodson.

As to Article No. 4 (matter of safety.) I know there are a few hills on the west trail but I believe that it would be a much safer route than if it was built along a railroad where the travel coming to the trail from the east would have to cross over the railroad and thence on to the hard road, and we all know it is hard enough to watch railroad traffic, without having hard road traffic to watch at the same time. There is the Woodson Farmers elevator situated along the Woodson route, where there are farmers hauling grain in and out practically all the year round and especially at threshing time when the travel by tourists on this route would be the greatest, and farmers know it is dangerous enough now without having the travel of a hard road taken into consideration. The people also know that a hard road going thru a village increases the danger of the loss of lives instead of decreasing it.

As to Article No. 5. Cost of travel will be decreased on western route by it being shorter and as far as the hills are concerned a hard road laid on them they won't bother tourists at all. As when they are graded down and far as slowing up for corners, wouldn't they have to slow up for four or five turns on the Woodson trail and also for the village of Woodson?

As to Article 6 (matter of accommodation, 50 to 1.) East of Woodson must be thickly populated; come down west of Woodson and look around! There are quite a few citizens living down here who have cars and who would like to have the accommodation of a hard road close to them. As to tourists they would surely want to travel a direct route and not go a round about way just to see a little village.

As to condemnation proceedings, I don't think that there would not be any, for the farmers along the west route could give land for right of way just as cheerfully as the farmers along the route through Woodson.

In conclusion I will say that the citizens west of Woodson feel that it is their duty to have the route left unchanged because by doing so they are working for their own interests, for the saving of taxes, for the benefit of tourists, for public safety, for a direct route, and the welfare of their community. Taxpayer.

MR. LEO DITTRICHSTEIN IN "THE GREAT LOVER"

In "The Great Lover," in which he has scored his greatest success the distinguished actor-playwright Mr. Leo Ditrachstein, will make his appearance at the Grand on next Wednesday night while en route to the Pacific Coast. This engagement will be the supreme dramatic event of the local season and the interest already aroused in Mr. Ditrachstein's coming assures one of the finest gatherings of theater-goers in recent years.

"The Great Lover" is romantic comedy in three acts and was written by Mr. Ditrachstein and Frederic and Fannie Hatton. The play in fine fashion shows the vanities of the darlings of the operatic stage. With intimate knowledge of their subject, the dramatists were skillful in transferring to a very pleasing story the temperamental qualities of this always striving for public applause, and by the same token, always envious of the success of associates.

Mr. Ditrachstein appears as Jean Paurel, the idol of adoring females and a commanding figure in the opera company of whom he is a member in New York. He is adroit in his love-making with a fascination that quickly makes each woman forget his insincerity—and in truth, he is as faithful to one as another. Paurel simply

cannot help being a beau, and each flatter is responsible for augmenting his vanity. But the great tragedy of his life—with the loss of his voice—does not long depress him. Another charming seduction is his instant recompense, and the final curtain falls as Paurel is arranging a tete-a-tete over the telephone.

The star's impersonation of the opera singer was declared by the New York Herald to be "a monument to historic artistry" while Ashton Stevens in the Chicago Herald-Examiner pronounced "Mr. Ditrachstein one of the finest artists the theatre has ever known." Amy Leslie of the Chicago Daily News was moved to even greater enthusiasm for she wrote, "Mr. Ditrachstein is the best actor in the country."

Lee Shubert, under whose personal direction Mr. Ditrachstein will appear here, has provided the star with an excellent supporting company including many of the original New York cast.

We solicit your ice orders and assure you prompt and courteous service.—WALTON & CO.

ILLINOIS COLLEGE NOTES

Colonel Edward Clifford '96, assistant secretary of the treasury of the United States, was decorated with the Distinguished Service Medal, by Secretary of War Weeks, a few days ago.

At the chapel service Friday morning President Rammelkamp read a letter from George M. McConnell '32, now residing in Indianapolis, Ind. It was a letter written in response to a request from the president for reminiscences of Mr. McConnell's student days at the college. It is doubtful whether there is any alumnus or former student of the college now living whose reminiscences of the early days are so clear and so entertainingly told. Mr. McConnell, who many Jacksonville people will remember, entered Illinois college in the fall of 1848. He later studied in the Harvard Law School and still later went into business in Jacksonville, of which city he was at one time mayor. Mr. McConnell is the author of a "History of Presidential Elections," and served on the staffs of various Chicago papers. Incidentally, he is also a poet of no mean ability. The reading of his letter in the college chapel aroused considerable amusement and applause.

At the regular meeting of the Science club Thursday evening Horatio Green '22 led the meeting. The subject was "The Value of the Study of Botany."

A little pamphlet on homesteading, written and published by Fred W. Bray '20 has been received by the college library. The pamphlet is written in a very interesting style and contains considerable practical information for many persons who might be interested in entering government land. Mr. Bray himself entered land after he returned from the service and the pamphlet is the result of his own practical experience. Mr. Bray is now engaged in banking at Medicine Bow, Wyoming.

The student religious associations are planning for a special pre-Easter service. This will probably be held Sunday afternoon, April 9.

The romance language department of the college has recently received some very valuable books from Mrs. Elizabeth Cole. The books were from the collection of the late Miss Stella Cole, who was head of the modern language department of Illinois college for many years.

Katherine Parker '23, sang a solo "Arise Shine," by McDermid at the college chapel Monday morning.

At a recent meeting of the Y. M. C. A. the following officers were elected: President, Arthur Howells '23; vice president, Robert Furry '25; treasurer, John Butcher; secretary, Lew Cummings. A committee was appointed to plan for a banquet and installation of officers in the near future.

The members of the college faculty, who reside in Academy Hall, were entertained at dinner Sunday at Colonial Inn by Miss Isabel Smith, head of the department of biology, and Miss Amanda Davis, an instructor at the School for the Deaf.

Recent visitors in the city were Howard Wilson ex '23; Ray Rifer, W. A.; Mary Ann Gillespie ex '23; Betty Rankin ex '23; Elsie Foster ex '23. Mrs. Genevieve Clark Wilson, formerly instructor in the Conservatory of Music, was in town during the past week. Mrs. G. L. Thompson, mother of Helen Thompson, a freshman at Illinois college, was a visitor at Academy Hall on Wednesday.

The hike which was planned for the Y. W. C. A. Monday, was postponed on account of the inclement weather. The girls plan to go on their hike soon.

Miss Hilba Raetzmann entertained the advanced students of the German department at Academy Hall recently. Dr. R. O. Bussey head of the romance language department, and Mrs. Bussey were present. Only the German language was spoken during the afternoon.

COLLEGE OF MUSIC NOTES

A three day Children's Festival will be given by the Children's Department in May. It will include among other features an appearance of the children's toy symphony under the direction of Miss Melius. Further announcements of dates and recital will be made later.

An Easter Vesper service by members of the Faculty, assisted by the Madrigal Club, will be given in Music Hall on Sunday afternoon, April 9 at 4 o'clock. The public is cordially invited.

The Zoellner String Quartette Concert on Monday evening successfully closed the artist series for this year. It was one of the most enjoyable concerts of the year and the audience evidenced their pleasure in it by insistent applause. The program they presented was interesting and varied. The Haydn numbers were played with much charm and classic purity; the Ravel Quartet was surrounded with the atmosphere peculiar to the modern work; the Grieg was played with characteristic vigor and ruggedness. For extras Glouzonnow, Tschalkowsky and Haydn were given.

The Artists for next year's series have not been decided upon but Director Pearson has several splendid artists under consideration.

The following student's informal recital was given at Music Hall on Thursday, March 30:

Bubbling Spring (piano).....
Julie Rive King
 Anna Bonansinga
 Sappie Ode (voice).....Brahms
 Calm is the Night (voice).....Bolin
 Marguerite Sturgeon
 Melodie (violin).....Tschalkowsky-Auer
 Fair Rosmarin (violin).....Kreiser

A Surprising Sale

Seldom have Jacksonville women had the opportunity of sharing in the kind of a sale we are now having—

It is gratifying to note that the more intelligent, better thinking class of people are visiting this store daily.

We realize that The Emporium has had many sales before—But we want to impress upon your mind that this sale is different—"Strictly Bonafide and on the square."

The apparel we are now advertising are of the better kinds—In fact, better than any this store ever featured before. It was our aim (before our building was sold and we were notified to vacate) to handle individualized apparel—the more exclusive modes which were ordered specially for us by our New York office, (Mr. Bernard Seiff, President, 370 7th avenue) several months in advance of the season—Many of our garments are copies of Parisian models. Being made exclusively for us we could not, therefore, cancel or withdraw our orders. They are here for your inspection.

The Emporium

Salem Evangelical Lutheran church, S. East and College streets—Rev. J. C. Kuppler, pastor. Sunday school at 9:45 a. m. Public worship in English at 10:00 a. m. and 7:30 p. m. German at 11 a. m. Theme of morning sermon: "Christ and Barabbas." Evening: "Evil Companions." A cordial welcome to all. At 2 p. m. the regular quarterly congregational meeting will be held. Important business. Come! The Ladies' Aid will meet with Mrs. Ellis Hoffman, 720 W. State, Thursday. The L. W. C. will meet Thursday evening.

Congregational Church—George E. Stickney, pastor. Church school at 9:30. Dean G. H. Scott, superintendent. Dr. Post's Bible class meets at 10:00. Morning service at 10:45. Dr. Paul L. Corbin of Shansi, China will speak at both morning and evening services. The Christian Endeavor society will meet at the parsonage at 5:30. Evening service at 7:30. Other appointments for the week are as follows: Monday, the Crusaders meet at 4; Tuesday, Women's All-day

sewing; Wednesday, prayer meeting at 7:30. The Mayflower Band meets at 4 Thursday. The Ladies' Aid will hold gift sale beginning at 1 o'clock. Snapper will be served at 6 by Mr. Doane's class. Friday Young Women's Guild meet with Mrs. Earl Spink at 2:30. The Men's Brotherhood meet at 6. Professional Woman's club at 7:30. The Scout groups will not meet this week but the five Campfire groups will meet as usual.

Trinity Episcopal Church—J. F. Langton, rector; H. M. Andre, senior warden; Prof. T. G. Ames, junior warden. Fifth Sunday in Lent. Early service 7:30. Sunday school 9:30. Holy Baptism 10:30. Holy Communion and sermon 10:45. Evening prayer 7:30. At the evening service Rt. Rev. G. H. Sherwood, Bishop of the Diocese will preach and administer the Apostolic rite of confirmation. Miss Beatrice Horsburgh, violinist, will play Tuesday. Prayer and address 4:30. Wednesday, evening prayer 7:30. Thursday, Holy Communion 7:00 a. m. Friday, prayer

and address 4:30. Tuesday, Guild all day.

The Salvation Army, 108 E. College street—Meetings for Sunday, April 2, 1922: Sunday school, 2:30 p. m.; Young People's Legion 6:30 p. m.; Evening service 8:00 p. m. Meetings through the week: Tuesday evening 8:00 p. m.; Thursday evening, 8:00 p. m.; Saturday evening, 8:00 p. m. All are welcome to these meetings. Come! Lieut. L. E. Hall.

First Baptist Church—The opening of the revival will mean a full Sunday School at 9:30 on Sunday morning. Evangelist Dunk is a friend of boys and girls and his happy face and kindly voice will be found in all departments of the school on Sunday. The evangelistic services open with the period of morning worship at 10:45 a. m. State Evangelist Frank M. Dunk of Normal, Ill., will preach his first sermon especially for professing Christians. Every member should be present. The church quartette will sing.

At 6:30 p. m. the two Baptist Young People's Unions will meet. The subject will be, "Better Bible Reading." Evangelist Dunk will conduct the night service at 7:30, and this will be the hour of service each evening until including Easter Sunday. The revival choir will sing. The revivalist will have full charge of the music and will sing at each of the services.

State Street Presbyterian church—Rev. W. H. Marbach, pastor; T. M. Tomlinson, Sunday school superintendent; Mrs. Barry Brown, choir leader; Mrs. H. Ayers Bullard, organist. For the blue in our flag, symbol of steadfastness, and for the "Blue Sunday" which stands steadfastly for God, Church, Home, Bible and nation let us thank God as we enter His courts to praise Him. You will find a hearty welcome to the work and worship of this church. Services at the usual hours. The pastor will preach at 10:45 a. m. and 7:30 p. m. Morning theme: "Blue Sunday in Jacksonville." Evening theme: "Is the Golden Rule Practicable?" Can you afford not to attend and join the church. Welcome here.

Fisgah Presbyterian Church—On Sunday April 2nd at 10:30 a. m. will be held the "Annual Congregational Meeting" when important matters

will be considered and a large attendance expected. Every member is urged to navigate the bad roads and be on hand by some means.

Centenary Methodist Church—C. D. Robertson, pastor. Sunday school, 9:30 a. m. A. C. Metcalf, superintendent. Morning worship, 10:45 a. m. Communion. Epworth League at 6:30 p. m. Leader, Miss Ruth Wilkinson. Evening worship, 7:30 p. m. Sermon by the pastor. Theme, "A Challenge and a Failure."

The Official Board will meet in monthly session Tuesday evening at the close of the service.

A two-weeks evangelistic meeting will begin Sunday night. There will be services every night until Easter, and these services will be evangelistic in character and directed toward the building up of the spiritual life and the conversion of souls. Every member of the church should religiously keep these two weeks free from all other engagements and activities so that this special work may go unhindered, and our minds be undistracted. These last two weeks of Lent should be a time of especially earnest prayer and devotion culminating in a great spiritual achievement at Easter.

The second quarter of the Go to Church Club begins April 1. No matter whether a member of last quarter or not, anyone may join for this quarter, and we hope there will be an even larger membership than there has been.

The W. F. M. S. will meet Friday afternoon at the church.

Westminster Presbyterian Church—The subject of the morning sermon, "Rising Day" will have reference to Sunday and its sacredness. Is it from the heart or the environment? Communion of the Lord's Supper will be observed. Christian Endeavor Societies at 6:30. At 7:30 the first three reels of "A Maker of Men" will be given. Dr. Smith will preach upon "Was Bruce a Fool?" Dr. Shields wrote "A Maker of Men" as an indignant protest against the laughs and sneers and ridicule so often seen in the flippant press and average picture play was a false reflection of the real minister. The actors and artists have done their work splendidly and Dr. Shields will preach to an immense audience through the new play.

This is a companion picture to the famous "The Stream of Life." Dr. Smith will preach every evening this week, the general subject being "The Last Days of Jesus." Monday "The Day of Triumph." Tuesday "The Day of Conflict." Wednesday "The Day of Retirement." Thursday "The Last Hymn Jesus Sang." Friday "The Night of Sorrow." These sermons will be brief and practical.

Northminster Presbyterian Church—Walter E. Spooner, minister. Preaching at 10:45 a. m. and 7:30 p. m. Dr. Sears will preach at both of these services. The revival meeting will continue every evening until Easter. While the weather has been very much against us, the congregations have increased from the beginning and the interest very greatly deepened. We are looking for a great time this week. All who have heard Dr. Sears are very much pleased with his preaching.

Sunday School at 9:30. William Bieber, superintendent. Let me urge all the members of the church to lay aside every engagement during these next two weeks and attend the meetings, and thereby help to make it a great success.

Next Sunday afternoon, April 9, at 3 o'clock, Dr. James S. McGaw will speak at the church on "The Preservation of the American Sabbath." This is a mass meeting for the city.

Grace Methodist Episcopal Church—Thomas H. Tull, pastor. We must beat Bloomington Sunday. Those who remain away from either Sunday School or church are helping Bloomington to win. Those who are not on time are helping Bloomington to win. We can win if we will. It is hoped every member and friend of Grace church will join us in this contest.

On Sunday morning the theme of the pastor's sermon will be "Jesus in the Life of the World Today."

In the evening "Jesus, in the Home."

Program of music for the morning service:

"On the Way to Jerusalem" Maundler

Duet "I Will Magnify Thee, O God" Mosenthab

Sung by Mrs. Stella Mahon and Miss Bart Johnson.

For the evening:

"In Shadows Yonder" (From "The Holy City") Gaul

"Jesus, Word of God Incarnate" Nevin

Intermediate and Junior Leagues will meet at 2:30 p. m.; Epworth League, 6:30.

Central Christian church—Myron E. Pontius, minister. Bible school at 9:30 a. m. B. O. Roodhouse, superintendent. Morning worship at 10:45. Theme of the sermon: "Uninvested Power." Evening service at 7:30. Topic of the Five Minute Talk. "What Is Happening in China?" Sermon subject: "Our Theological Mistakes." Music by the quartet; Mrs. C. E. Robinson. Mrs. Abram Wehl, Leonard Fraser and Uriel Gouveia, under the direction of Mrs. Wehl, Miss Alice Mathis at the organ. G. E. services at 6:30 with Allen Biggs leader of the Senior, Robert Frisch of the Intermediate and Genevieve Spiros of the Junior. Everybody welcome.

Brooklyn M. E. church—G. W. Randle, pastor; J. H. Reid, Sunday school superintendent. Sunday school at 9:30 a. m. Public worship at 10:45 a. m. and 7:30 p. m. Morning theme: "The Power of Endurance." Evening: "Deciding for Eternity."

Epworth league at 6:30 p. m. Prayer meeting Wednesday at 7:30 p. m.

First Church of Christ Scientist—523 West State street. Sunday morning service at 11 o'clock. Subject of the Lesson Sermon "Unreality." Sunday School at 9:30 a. m. Wednesday evening testimonial meeting at 8 o'clock. The reading room is open each week day from 3 to 5 p. m. The public is cordially invited to attend the church services and to visit the reading room.

Do you hold your book more or less than 14 inches from your eyes; does eye-fatigue force you to lay aside your newspaper after reading only a short time; do you feel an inclination to rub your eyes to relieve a burning, smarting sensation?

Then you probably need glasses. Come in and let us make a thorough and scientific examination of your eyes.

MY CHILD

A growing child is a privilege rather than a responsibility.

Parents who have been unable to acquire special knowledge or culture in their own lives can, through their children, complete a life's work in many ways.

Nothing in life is surer in its upbuilding of character and fineness than music. To inspire a child to play well there must be a tangible contact with the great music of the world. The offers much both as a musical instrument and as a teacher. A great musician has said:

"If I were learning the piano at this time, I would not confine myself to any individual piano instructor, but would turn to the Gulbransen and acquire through its rolls an intimate knowledge of the style of all the world's greatest pianists, as revealed by them. I consider such a course by far the best method by which a pianist who has passed the first rudimentary stages can develop true artistry."

The Gulbransen is the Player that is taught quickly by delightful instruction rolls.

YOUR WATCH

A Few Words About Its Cleaning and Care

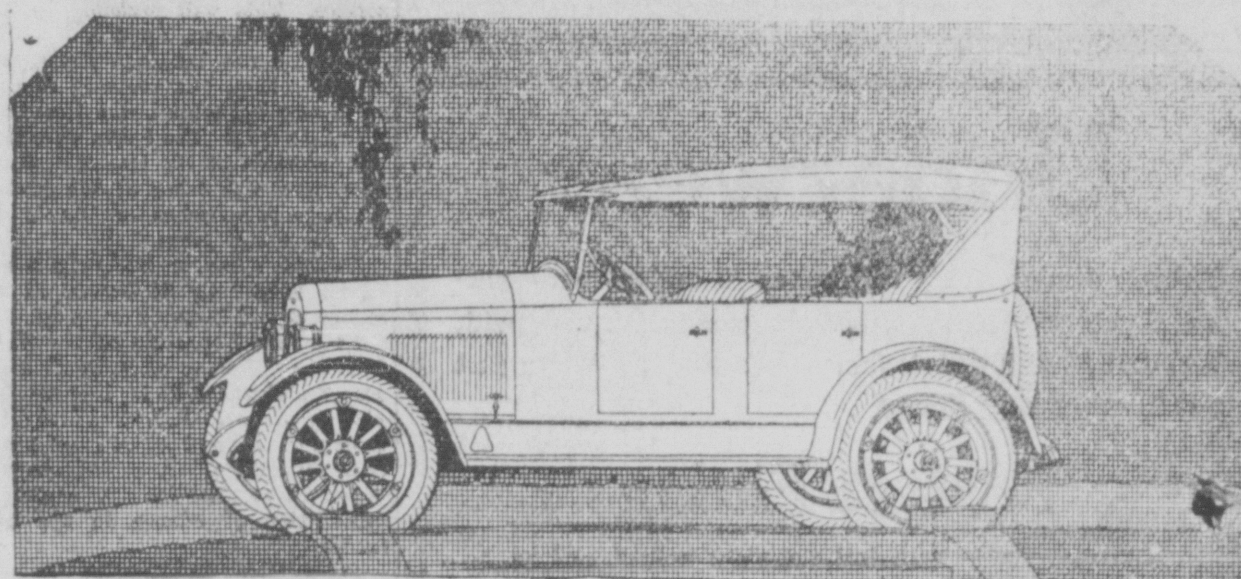

Any watch will run for a long time after the last indication of oil has disappeared from its bearings, but it goes without saying that such operation is piling up injury and needless expense. A lady's watch must be cleaned, oiled and looked over oftener than a man's because of its small size and the smaller oil cups. A man's watch is larger and not so apt to be disturbed by the tiny particles of dust and dirt that work their way into the delicate

mechanism. Every watch in order to retain its perfection and value should be looked over occasionally by an experienced watchmaker, cleaned and oiled—this is true economy. You know what happens to a locomotive to run without oil, and what happens to your automobile? How much quicker and more severe the damage to the delicate mechanism of a watch allowed to run in such a manner—and your watch is running all the time, too.

We have an expert watchmaker. Stop in and let him tell you the condition of your watch—A little work now will save dollars of expense later on.

PRICE'S JEWELRY STORE

The Mere Thought of Buying A Diamond Should Suggest Price's

All This is Yours for \$1065

It is, as we all know, a well-established fact that the motorist who has once owned a good "Six" can never again be contented at the wheel of any car with a less capable power plant.

In our belief, this preference is based only in part on the additional power provided by the greater number of motive impulses. Fully as fundamental is the comfort of mind and body which results from the association with a competent, smooth-working, inherently balanced mechanism.

If your driving experiences have been largely with four-cylinder cars, there is a great treat in store for you. Just nestle down behind the steering wheel of a Jewett and put it through the same tasks you ask of your "Four."

Your first surprise will come from the speed and smoothness with which the starter spins the motor. "Sixes" do start easier, quicker and with less battery drain.

Now go through your gears and see how willingly each change is followed by an immediate, unlabored increase of speed.

Push out your clutch and coast around a corner. Then, without racing the motor, roll away by accelerating

merely to car speed before re-engagement.

Pick out a grade up which your "Four" labors, vibrates and begs for mercy. The Jewett makes play of the climb and keeps steadily gathering speed all the way up.

Seek the thick traffic and see how, when an opening offers, your Jewett fairly leaps past the stolid vehicles that would hold back a less spirited car.

Now for the open road, and let the Jewett have its own way with it. Instinctively you begin searching for the vibration point which long experience has taught you marks the limit of a "Four's" comfortable speed.

You will seek this point in vain. From 3 clear to 60 miles an hour, the fifty horse power Jewett will do its work not merely without protest but with real joy and zest.

And there, in the last analysis is the charm of this superb Light "Six." A car that never seems to toil! A car, therefore, that imposes neither labor nor weariness on its driver!

By all means see to it that your next car is a "Six." Once that decision is reached, your path to the Jewett is plain and straight.

The Most Beautiful Car in America

A Luxurious Five Passenger Coupe on the Chassis that Masters the Highway

REAL closed car comfort starts with a chassis—not merely a body. There must be ample power in the motor, a long solid frame, elastic spring suspension and perfectly balanced construction of every mechanical unit.

That is why the 6-66 closed models are supremely fine motor cars. They are equipped with a mighty engine of 70 horse power and a chassis 131 inch wheel base that represents the last word in six cylinder engineering.

One ride will convince you that the 6-66 is, indeed, the Master of the Highway. It will show you that a fine mechanical foundation is essential in any car—closed or open. And you will be surprised and delighted to learn that the new prices range from \$2195 up.

WHEAT, OATS AND LARD WERE LOWER

By Associated Press. CHICAGO, April 1.—Wheat, oats and lard were lower, pork unchanged and corn and ribs unchanged today. Net losses and gains were recorded as follows: Wheat 1/2 to 3/4 cent lower; corn, 1/2 to 3/4 cent higher; oats 1/2 to 3/4 cent lower; lard 1/2 to 3/4 cent lower; ribs 1/2 to 3/4 cent higher.

A break at Liverpool caused a heavy opening in wheat and made a favorable opening for continued liquidation. Weather reports and country advices from the southwest combined to indicate more favorable conditions for the winter crop and reports of winter stagnation in exports helped the downward movement.

Despite these factors local bulls tried to rally prices in early trading at around \$1.31 for May and again in the last half hour but the short interest was too firmly entrenched. There was noticeable lack of outside support for the longs.

Corn showed an easy undertone at the start and retired under cover of wheat at the start. It took a lot of export news to bring the course grain into the open again but finally a guess that two million bushels had been taken for abroad corn to throw off the wheat blanket and the close was near the top. Oats followed corn in the early retirement and remained there undisturbed by any important rumors.

Provisions were dull under a light trade with Liverpool. Live hogs rather uneven at the local yards and the grain situation maintained, no interest seemed willing to venture far. Pork was nominal, lamb responded to the Liverpool influence and the advance in ribs was made on a few late trades.

Cash grain futures. By Associated Press. CHICAGO, April 1.—Cash corn was unchanged to 1c lower on Chicago markets today with trading rather light.

Sales of 100,000 bushels of wheat and 100,000 bushels of corn to go to store were reported. Local shipping sales were 12,000 wheat, 50,000 corn, and 66,000 oats.

Car lot receipts: Wheat, 9; Corn, 89; Oats, 37; Rye, 2; Barley, 5.

Chicago Grain Futures. By Associated Press. Chicago, April 1.—Futures: Opening: High, Low, Close.

H. E. Ogle and Family.

STOCK EXCHANGE WAS FAIRLY ACTIVE. By Associated Press. NEW YORK, April 1.—After a brief period of uncertainty today's stock market became fairly active and strong on the demand for low priced motor and oil as well as secondary rails and specialties. Favorites of the industrial division gave way to Pierce Arrow common and preferred. Dividend paying transportation were replaced by St. Paul, Chicago, Great Western and Wabash issues. Sales amounted to 475,000 shares.

Heavy transfers of funds connected with April interest and dividend payments accounted mainly for the actual increase of about \$64,500,000 in actual loans and discounts reported by the clearing house.

The same reason probably applied to the cash loss of slightly more than \$4,000,000 excess reserves decreasing to a little more than 13,000,000.

Foreign exchanges were dull. Reviews of domestic trade conditions were conflicting the east reporting a halt in recent buying while middle western sections showed enlarged distribution of general merchandise. The demand for Liberty bonds was usually large.

Total bond sales, par value, aggregated \$8,949,000.

East St. Louis Livestock. By Associated Press. East St. Louis, Ill., April 1.—(U. S. Bureau of Markets.)—Cattle—Receipts 100; Compared with week ago: Beef steers strong, all other killing classes steady;

With Morgan County Poets

WIND-FLOWERS

(QUEEN)

Oh, what is this so thick around—
The frost-white blossom, calyx-crowned,
With three-cleft leaf, and fragile stem,
And glowing like a diadem?
What breath of Spring creative blew
Upon and glorified the dew?

(CHORUS OF FAIRIES)

Wind-flowers gleaming, Wind-flowers gay,
Nodding with the breeze in play;
Flakes of wind-whipt clouds here blown
Like dragon's teeth by Cadmus sown.

(QUEEN)

A comely spray in artless guise
Beyond all speech to symbolize;
Like some sublime conception east
In common terms that long outlast
The poet who had lightly tost
It off, and grudged the effort lost.

(CHORUS)

Wind-flowers gleaming, Wind-flowers gay,
A double wreath on his coffin lay;
Poor shiv'ring March is buried deep,
And April comes to sige and to weep.

(QUEEN)

Let Nature at her climax spill
Her lavish tints on hedge and hill,
What beauty can she ever know
So perfect as the flower of snow?
The golden-hearted flower of Spring,
Love's fairest token, let us sing.

(CHORUS)

Wind-flowers gleaming, Wind-flowers gay,
Here a wreath, and there a spray—
Oh, sprinkle the field with Venus' tears,
For Adonis dead long years and years!

JOHN KEARNS.

THE PROPOSED ROAD CHANGE.

Editor Journal:—

We, as taxpayers and land owners, again take exception to the proposed change of Bond Issue Road (Route No. 3) as outlined in Friday's Journal.

First: West Route is direct and does not go thru pastures or fields.

Second: Distance. Woodson is one-half (1-2) mile east of main road into Jacksonville; now we would like to know how land-owners from Murrayville to Woodson thence to Jacksonville without going out of the way. We would like to see rule for measuring same.

Third: As to cost. There are by actual count four (4) bridges two of which are concrete, the distance one mile less, which if taken into account would build innumerable culverts, fill to be made by farmers. There would be no suits as this trail follows the main road. We are positive that suits would result if route was changed and also would be about two (2) miles of ungraded field to go thru from Murrayville to Jesse Henry Crossing. As to hauling material: Same must be

hauled from Jacksonville, Woodson or Murrayville, as they do not unload along right of way without sidetrack. Cost would be too small to mention.

Fourth: As to safety. There is during the harvest time heavy traffic over the Woodson road; corn, oats and wheat being hauled to elevator; innumerable hogs and cattle being driven to stock-yards. A village to be gone thru, an elevator to be passed by where there are at times ten or twenty teams to contend with. Woodson had trouble with speeders when they had only old roads. With the hard road and their indifference to safety, the result can be easily guessed.

Fifth: Difference in distance always cuts cost.

Sixth: As to accommodations we really believe that more people would be accommodated by the route as now laid out. These are facts not exaggerated.

Land Owner and Tax Payer.

RECALLS SEVERE STORM OF NINETEEN YEARS AGO

Otto Muehlhausen said yesterday that the snow storm of Friday morning reminded him of a severe storm which came nineteen years ago today. Mr. Muehlhausen remembers the date so well because it was on that day that he acquired the title to his present home, 1028 South East street. He met J. H. Wells, from whom he purchased the property and J. O. Priest at the office of Judge Kirby on West State street. Snow eight inches deep lay upon the ground and a terrific hail storm added to the disagreeable weather features.

Mr. Muehlhausen said the storm was so severe that it was almost impossible to travel and he remembers that he took the street car to go to 444 South Main street to secure Mrs. Wells' signature to the deed.
